

BOARD MEETING DATE: February 7, 2014

AGENDA NO. 11

PROPOSAL: Recognize Funds and Approve Truck Projects under “Year 4” Proposition 1B-Goods Movement Program, and Amend Contracts for Technical Assistance

SYNOPSIS: On August 26, 2013, Program Announcement PA2014-06 was issued to solicit truck replacement projects under the “Year 4” Proposition 1B-Goods Movement Program. The first phase of this two-phased solicitation closed on October 10, 2013. These actions are to recognize \$81,219,537 in “Year 4” Proposition 1B-Goods Movement Program funds from CARB and to execute contracts for heavy-duty diesel truck projects in an amount not to exceed \$65,542,416 from the “Year 4” project funds and any “Year 3” returned and accrued interest funds designated for truck projects from the Proposition 1B-Goods Movement Program Fund (81). In addition, this action is to amend contracts for technical assistance in the amount of \$160,000 from the administrative funds of the Proposition 1B-Goods Movement Program Fund (81).

COMMITTEE: Technology, January 24, 2014; Recommended for Approval, with the exception of CalPortland, WC Management, Match Corp, Robertson’s Ready Mix, and CR&R, Inc. or their affiliates who were considered separately due to a conflict. Less than a quorum was present for the remainder, the Committee Members present concurred that the balance of this item be forwarded to the Board.

RECOMMENDED ACTIONS:

- A. Recognize up to \$81,219,537 in “Year 4” Goods Movement Program funds from CARB and place them into the SCAQMD’s Proposition 1B-Goods Movement Program Fund (81).
- B. Authorize the Executive Officer to execute contracts for heavy-duty diesel truck projects from the list in Table 1, subject to CARB’s final approval, in an amount not to exceed \$65,542,416 from the “Year 4” funds and any “Year 3” returned and accrued interest funds designated for heavy-duty truck projects from the Proposition 1B-Goods Movement Program Fund (81).

C. Authorize the Executive Officer to amend contracts with the following entities for technical assistance for a total increase of \$160,000 in funding from the administrative funds of the Proposition 1B-Goods Movement Program Fund (81):

1. Clean Fuel Connection, Inc. in an amount not to exceed \$100,000; and
2. Gladstein, Neandross & Associates in an amount not to exceed \$60,000.

Barry R. Wallerstein, D.Env.
Executive Officer

MMM:FM

Background

As part of the “Year 4” Proposition 1B-Goods Movement Program, CARB has allocated \$81,219,537 to the SCAQMD under the “Heavy-Duty Diesel Trucks” project category. This amount is comprised of \$77,351,940 in project funds and \$3,867,597 in administration funds.

On August 26, 2013, as coordinated between CARB and the participating air districts in the Proposition 1B-Goods Movement Program, SCAQMD released its Program Announcement (PA2014-06) to solicit eligible heavy-duty diesel truck projects. The two-phased solicitation closed on October 10, and December 12, 2013, respectively. SCAQMD received an overwhelming response, including applications for about 2,400 individual truck projects under the first phase and about 1,600 under the second phase.

From the \$77,351,940 project funds, CARB has allocated a maximum of \$65,542,416, in addition to any returned funds from the “Year 3” truck projects to the first phase, and a minimum of \$11,809,524 to the second phase with the intent to prioritize and help applicants with small fleets of three or fewer trucks in the second phase.

As coordinated and agreed upon with CARB, staff has completed the evaluation and ranking of the projects received by the first closing date of October 10, 2013, and submitted them to CARB for their final approval. The applications received by the December 12, 2013, are currently being evaluated and are expected to be ready for the Board’s consideration at its April 4, 2014 meeting.

Outreach

Relative to the Proposition 1B-Goods Movement Program projects, and in accordance with SCAQMD’s Procurement Policy and Procedure, a public notice advertising the RFP/RFQ and inviting bids was published in the Los Angeles Times, the Orange County Register, the San Bernardino Sun, and Riverside County Press Enterprise

newspapers to leverage the most cost-effective method of outreach to the South Coast Basin.

Additionally, potential bidders may have been notified utilizing SCAQMD's own electronic listing of certified minority vendors. Notice of the RFP/RFQ has been e-mailed to the Black and Latino Legislative Caucuses and various minority chambers of commerce and business associations, and placed on the Internet at SCAQMD's website (<http://www.aqmd.gov>). Information is also available on SCAQMD's bidder's 24-hour telephone message line (909) 396-2724.

Proposal

Proposition 1B-Goods Movement Program

This action is to recognize up to \$81,219,537 in "Year 4" Goods Movement Program funds from CARB and place them into the SCAQMD's Proposition 1B-Goods Movement Program Fund (81).

This action is also to approve heavy-duty truck projects in ranked order as listed in Table 1, contingent upon CARB's final approval, in an amount not to exceed \$65,542,416 from the "Year 4" Proposition 1B-Goods Movement Program funds and any "Year 3" returned and accrued interest funds designated for heavy-duty truck projects from the Proposition 1B-Goods Movement Program Fund (81).

Technical Assistance

The evaluation and ranking of about 4,000 truck applications, the preparation of contracts, and the implementation of all other requirements of the program with limited staffing within a few months necessitates the need for technical assistance. These immediate tasks are concurrent with the implementation of other ongoing incentive funding programs with cumulatively increasing project tracking and reporting.

This action is to amend contracts with the following entities for technical assistance for a total increase of \$160,000 in funding from the administrative funds of the Proposition 1B-Goods Movement Program Fund (81):

1. Clean Fuel Connection, Inc. in an amount not to exceed \$100,000; and
2. Gladstein, Neandross & Associates in an amount not to exceed \$60,000.

Sole Source Justification

Sole source justification is applied relative to the proposed technical assistance awards. A new solicitation for technical assistance services closed on January 31, 2014. Staff will present its recommendation for the Board's consideration upon completion of the proposal evaluations.

Section VIII.B.2 of the Procurement Policy and Procedure identifies four major provisions under which a sole source award may be justified. It is requested that sole source awards be made under provision B.2.c.(1): The unique experience and capabilities of the proposed contractor or contractor team. In November 2011, both proposed contractors were initially selected from a competitive list of applicants for helping SCAQMD in implementation of the incentive funding programs. These consultants are familiar with the Proposition 1B Program and SCAQMD's procedures and have provided valuable assistance in outreach, quality control and project evaluations for this program since 2010.

Benefits to SCAQMD

The successful implementation of the truck projects will reduce NO_x, PM and other pollutant emissions in a cost-effective and expeditious manner which will help achieve the goals of the AQMP. The new equipment/vehicles funded under this program are expected to operate for many years, which will provide long-term emission reduction benefits in the region.

Resource Impacts

Funding for truck projects shall not exceed \$65,542,416 from the "Year 4" Proposition 1B funds recognized in this letter, in addition to any returned and accrued interest funds from previous years in the trucks category from the Proposition 1B-Goods Movement Program Fund (81).

Funding for contract amendments for technical assistance shall not exceed \$160,000 from the administrative funds of the Proposition 1B-Goods Movement Program Fund (81).

Notes:

- 1) If a fleet operator decides to purchase the truck(s) instead of leasing them, then a contract with the listed lending institution will not be necessary.
- 2) If a fleet operator decides to change its proposed lending institution for leasing the truck(s), it may do so as long as the new lending institution is from the group already listed in the above table.
