FYs 2016-18 Local Government Partnership Program

The MSRC approved the release of Local Government Partnership PON2018-01 under the FYs 2016-18 Work Program. The Invitation to Negotiate (ITN), with a targeted funding level of \$21,180,650, focuses on providing funds for projects to support SCAQMD's 2016 AQMP. Cities and counties which have opted into the AB 2766 motor vehicle registration surcharge fee program are eligible to participate. The majority of participants would be allocated maximum funding equivalent to their annual AB 2766 Subvention Fund allocation; however, those whose annual Subvention Fund allocation is less than \$50,000 would be eligible to receive a maximum of \$50,000, and the maximum allocation for any single city or county would be \$3,000,000. MSRC funding could be used for light-duty zero emission vehicle purchases and leases, medium- and heavy-duty zero emission vehicle purchases, near-zero emission heavy-duty alternative fuel vehicle purchases and repower, electric vehicle charging station installation, and construction or expansion of alternative fuel refueling infrastructure, subject to match funding requirements as outlined in the ITN. Additionally, those jurisdictions eligible for a maximum contribution of \$50,000 would have the option to pursue traffic signal synchronization, bicycle active transportation, and first mile/last mile strategies. The ITN includes an open application period commencing with its release on September 1, 2017, and closing August 2, 2018. The MSRC previously approved awards totaling \$8,446,972 in response to this solicitation.

The MSRC approved nineteen additional awards totaling \$1,476,700 as part of the FYs 2016-18 Work Program, as follows:

- a. A contract with the City of San Fernando in an amount not to exceed \$20,000 to implement citywide signal synchronization;
- b. A contract with the City of South El Monte in an amount not to exceed \$30,000 to install at least two electric vehicle charging stations;

These contract awards will be considered by the SCAQMD Board at its September 7, 2018 meeting.

FYs 2016-18 County Transportation Commission Partnership Program

The MSRC approved release of an Invitation to Negotiate for the CTC Partnership Program under the FYs 2016-18 Work Program. The ITN, with a targeted funding level of \$8,000,000, seeks to stimulate the demonstration of innovative projects, as well as expand “tried and true” air quality improvement strategies. CTCs within SCAQMD are eligible to participate. Other public and private entities could participate as subcontractors to a CTC. Each CTC is eligible to receive a maximum of \$2,000,000 on a sole-source contract award basis. Eligible project types include, but are not necessarily limited to: capital improvement projects, capital purchase projects including fleet vehicle purchases that meet, at a minimum, ARB’s optional 0.02 g/bhp-hr NOx emissions standard, traffic signal coordination, ridesharing programs, active transportation programs including bicycle sharing projects, transit pass incentive programs, freeway service patrols, first mile/last mile strategies, and information technology projects that focus on air quality improvement. The ITN includes an open application period commencing with its release on December 1, 2017, and closing June 29, 2018. The MSRC previously approved awards totaling \$6,000,000 in response to this solicitation. The MSRC considered recommendations concerning three work plans submitted by Orange County Transportation Authority (OCTA).

Firstly, OCTA proposes to apply \$1,146,000 towards the implementation of the OC Flex Micro-Transit Pilot Project. This is an on-demand and shared-ride service to extend the reach of the fixed-route transit system by providing connections to areas that may not be served by regular transit. The service would provide micro-transit services to low-demand and/or new markets through shared-ride, curb-to-curb/hub-to-hub service in two zones: one in the City of Huntington Beach, and one in the cities of Aliso Viejo, Laguna Niguel, and Mission Viejo. These areas are typically not transit dependent and one of the goals of the program is to attract new riders by connecting them to key transit and train stations. OCTA is projecting the application of \$135,000 in fare revenues as project co-funding. The MSRC approved a sole-source contract award to OCTA in an amount not to exceed \$1,146,000 as part of the CTC Partnership Program under the FYs 2016-18 Work Program.

Secondly, OCTA proposes to apply \$642,000 towards the installation of a hydrogen detection system in several buildings where maintenance, body work, and washing of hydrogen fuel cell buses will occur. The system will include hydrogen gas detectors, hydrogen flame detectors, control panels, electrical conduit and wiring, warning lights and horns, fire alarm interfacing, and system programming, commissioning and testing. OCTA will provide \$176,015 in co-funding. The MSRC approved a sole-source contract award to OCTA in an amount not to exceed \$642,000 as part of the CTC Partnership Program under the FYs 2016-18 Work Program.

Lastly, OCTA proposes to apply \$212,000 towards the College Pass Transit Fare Subsidy Program. The program would provide free rides to students during a special start up period as an incentive to promote the College Pass Program. After the start up period, a student fee to continue the program at the expense of the college and students must be approved by the majority of the students. This would promote transit ridership among college students and reduce automobile trips and vehicle miles travelled. The MSRC approved a sole-source contract award to OCTA in an amount not to exceed \$212,000 as part of the CTC Partnership Program under the FYs 2016-18 Work Program. These contract awards will be considered by the SCAQMD Board at its September 7, 2018 meeting.

FYs 2016-18 Major Event Center Transportation Program

As part of its FYs 2016-18 Work Program, the MSRC allocated \$5,000,000 for event center transportation programs and released Program Announcement #PA2017-05. The Program Announcement solicits applications from qualifying major event centers and/or transportation providers to provide transportation service for venues not currently served by sufficient transportation service. To date, the MSRC has awarded a total of \$3,660,133. The MSRC considered recommendations concerning an additional application submitted by Metrolink. Metrolink requested the MSRC to consider an award of \$252,696 to provide special train and shuttle service the Festival of Lights in downtown Riverside. Service would be provided on three service routes beginning with the Friday, November 23 Switch-On Ceremony and continuing through Saturday, December 15. The downtown Riverside Metrolink station is located approximately six to eight blocks from the Festival events; transfer service from the station to the Festival will be provided via Riverside Transit Agency buses. The service will utilize Tier 4 locomotives. Metrolink and its partners are committed to provide at least \$262,804 in operations, marketing, advertising and station support co-funding. The MSRC approved a contract award to Metrolink in an amount not to exceed \$252,696 as part of the FYs 2016-18 Work Program for the Festival of Lights special train and shuttle service. This contract award will be considered by the SCAQMD Board at its September 7, 2018 meeting.

The MSRC also considered recommendations from its Technical Advisory Committee, and the MSRC-TAC Transportation Control Measure Subcommittee, to not make an award to the Rose Bowl and Foothill Transit, which jointly requested \$344,850 in MSRC funding to provide shuttle service for a number of events at the Rose Bowl in 2018. Based on the information provided in the application and subsequent clarifications sought from the proposers, the most significant factor in reaching this recommendation was the lack of the ability to guarantee an emission benefit associated with the project. The buses do not appear to be at capacity for other than a relatively short peak period, the bus deadhead miles will likely significantly exceed the automobile miles eliminated, the buses are not low emitting by today's standards, and having shuttle patrons drive to the pickup location does not eliminate an automobile trip—it only reduces vehicle miles traveled, and that by a small amount. However, the

MSRC suggested that if the service were to be modified, with transit centers as pickup locations, a reduced number of buses, and/or lower-emitting vehicles used to perform the service, it might be eligible if the MSRC offers a similar funding opportunity in the future. These contract awards will be considered by the SCAQMD Board at its September 7, 2018 meeting.

FYs 2016-18 Natural Gas Infrastructure Program

The MSRC approved the release of Program Announcement #PA2017-07 under the FYs 2016-18 Work Program. The Program Announcement, with a targeted funding level of \$4.0 million, provides funds for new and expanded natural gas stations, as well as for the upgrade of existing vehicle maintenance facilities and technician training. Stations will be eligible for up to 50 percent of station capital equipment, site construction, signage, and reasonable project management costs, not to exceed the specified maximum award amounts. The maximum MSRC funding per project varies from \$100,000 to \$275,000 depending upon whether the applicant is a public or private entity, the accessibility level of the proposed project, and the number of fuels offered. Additionally, projects may be eligible for a \$100,000 bonus if they commit to use at least 50% renewable natural gas for a minimum of five years. The RFP includes an open application period commencing with its release on June 2, 2017, and closing June 29, 2018. To date, the MSRC has awarded a total of \$1,156,500, with \$2,843,500 remaining of the original funding allocation. The MSRC considered recommendations concerning twenty additional applications. The MSRC allocated an additional \$1,083,180 to the Program as part of the FYs 2018-20 Work Program and approved twenty additional contract awards as part of the FYs 2016-18 and 2018-20 Work Programs, as follows:

These contract awards will be considered by the SCAQMD Board at its September 7, 2018 meeting.

FY 2018-19 Administrative Budget

Every year the MSRC adopts an Administrative Budget for the upcoming fiscal year to ensure costs remain within the limitation, currently 6.25 percent. For FY 2018-19, the MSRC adopted an Administrative Budget in the amount of \$763,238, which is nearly \$250,000 below the 6.25 percent cap. Administrative expenditures are not directly drawn, however, from the MSRC fund account, but instead from the SCAQMD's budget. The SCAQMD Board will consider authorization of the fund transfer at its September 7, 2018 meeting.

FYs 18-20 Current MSRC Website Hosting and Maintenance

Hosting and maintenance of the MSRC's www.CleanTransportationFunding.org website is provided by Geographics under contract #MS18003. Earlier this year, the MSRC directed its staff to look into the feasibility of adding the Google Translate service to the site. Geographics provided a quote of \$600 for this update. While this work could be accomplished within the existing contract balance, it raised concerns that

there might not be sufficient funds to address critical future needs on an urgent basis. The MSRC-TAC identified additional potential updates including the troubleshooting of test e-mails functions, adding a feature for changing the display order of RFP postings, and troubleshooting the Contractor Online Summary function. The MSRC approved the specified updates, as well as a \$6,000 contract value increase to implement them with the remaining funds to be applied to the on-call reserve, as part of the FYs 2018-20 Work Program. This contract award will be considered by the SCAQMD Board at its September 7, 2018 meeting.

Contract Modification Requests

The MSRC considered four contract modification requests and took the following actions:

1. For Southern California Association of Governments, Contract #MS18002, which provides \$2,500,000 for the Regional Active Transportation Partnership Program, authorize an addition of matching projects and a six-month term extension;
2. For City of Santa Monica, Contract #MS12060, authorize a nine-month no-cost contract extension due to the update of their travel demand forecasting modeling taking longer than expected;
3. For City of Highland, Contract #ML16071, authorize a two-year no-cost contract term extension due to the time-consuming requirements associated with the project's federal Projects of National and Regional Significance program co-funding; and
4. For City of South Pasadena, Contract #ML14066, which provides \$142,096 to install a segment of Class I Bikeway, due to the expiration of the prior contract, authorize a replacement contract to complete the scope of work.

Received and Approved Final Reports
