

BOARD MEETING DATE: December 4, 2020

AGENDA NO. 17

REPORT: Annual Audited Financial Statements for FY Ended June 30, 2020

SYNOPSIS: This item transmits the annual audited financial statements of the South Coast AQMD. The South Coast AQMD has received an unmodified opinion (the highest obtainable) on its financial statements.

COMMITTEE: Administrative, November 13, 2020, Reviewed

RECOMMENDED ACTION:

Receive and file the South Coast AQMD's Comprehensive Annual Financial Report (CAFR) and Single Audit Reports for the FY ended June 30, 2020.

Wayne Nastri
Executive Officer

SJ:tm

Background

The audit of the South Coast AQMD financial statements, along with the Single Audit Reports for the Fiscal Year ended June 30, 2020, have been completed by BCA Watson Rice, LLP. South Coast AQMD has received an unmodified opinion on its financial statements. An unmodified opinion is the highest obtainable, assuring interested parties that South Coast AQMD's financial statements fairly present the agency's financial position.

Attachments

- The Comprehensive Annual Financial Report (CAFR), which includes the Independent Auditor's Report, was previously provided to Board Members and will be available at South Coast AQMD's library or website at <http://www.aqmd.gov/home/about/finance>.
- Single Audit Reports that include Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with Government Auditing Standards, Independent Auditor's Report on Compliance with Each Major Federal Program; Report on Internal Control over Compliance; and Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance. Copies were previously provided to Board Members and will be available at South Coast AQMD's library or website at <http://www.aqmd.gov/home/about/finance>.

Chairman, Governing Board and Residents
Of the South Coast Air Quality Management District

State law requires that local governments publish within nine months of the close of each fiscal year a complete set of audited financial statements presented in conformity with generally accepted accounting principles (GAAP) and audited in accordance with generally accepted auditing standards by a firm of licensed certified public accountants. This report is published to fulfill that requirement for the fiscal year ended June 30, 2020.

This report consists of management's representations concerning the finances of the South Coast Air Quality Management District (South Coast AQMD), Diamond Bar, California. Management assumes full responsibility for the completeness and reliability of all of the information presented in this report, based upon a comprehensive framework of internal control that it has established for this purpose. Because the cost of internal control should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

South Coast AQMD's financial statements have been audited by BCA Watson Rice LLP, Certified Public Accountants. The goal of the independent audit is to provide reasonable assurance that the financial statements of South Coast AQMD for the fiscal year ended June 30, 2020 are free of material misstatements. The independent auditors concluded, based upon the audit, that there was a reasonable basis for rendering an unmodified (clean) opinion that South Coast AQMD's financial statements for the fiscal year ended June 30, 2020 are fairly presented in conformity with accounting principles generally accepted in the United States. The independent auditor's report is located at the front of the financial section of this report.

The independent audit of the financial statements of South Coast AQMD was part of a broader, federally mandated "Single Audit" designed to meet the special needs of Federal

grantor agencies. The standards governing Single Audit engagements require the independent auditor to report not only on the fair presentation of the financial statements, but also on the audited government's internal controls and compliance with special emphasis on internal controls and compliance with federal statues, regulations, and terms and conditions involving the administration of Federal awards. These reports are available in South Coast AQMD's separately issued Single Audit Report.

Management's Discussion and Analysis (MD&A) immediately follows the independent auditor's report and provides a narrative introduction, overview, and analysis of the basic financial statements. MD&A complements this letter of transmittal and should be read in conjunction with it.

Profile of the South Coast Air Quality Management District

The South Coast Air Quality Management District began operation on February 1, 1977 as a regional governmental agency established by the California Legislature pursuant to the Lewis Air Quality Management Act. South Coast AQMD encompasses all of Orange County and parts of Los Angeles, San Bernardino and Riverside Counties, representing over 17 million residents. It succeeded the Southern California Air Pollution Control District and its predecessor four county air pollution control districts, of which the Los Angeles County Air Pollution Control District was the oldest in the nation, having been formed in 1947.

South Coast AQMD's Governing Board is composed of 13 members, including four members appointed by the Boards of Supervisors of the four counties in South Coast AQMD's jurisdiction, six members appointed by cities in South Coast AQMD's jurisdiction and three members appointed by the Governor, the Speaker of the State Assembly and the Rules Committee of the State Senate, respectively. The members appointed by the various Boards of Supervisors and cities consist of one member of the Board of Supervisors of Los Angeles, Orange, Riverside, and San Bernardino Counties, respectively, and a mayor or member of the city council of a city within Orange, Riverside and San Bernardino Counties. Los Angeles County cities have three representatives, one each from the western and eastern portions of the county and one member representing the City of Los Angeles. Each Board member serves a four year term. The Board appoints the agency's Executive Officer and General Counsel. The Executive Officer in turn appoints the heads of the various agency departments.

Southern California has the most serious air quality problem in the country. A combination of poor atmospheric ventilation, a capping temperature inversion, bordering mountains and sunny days act to enhance smog formation and effectively trap pollutants in the Basin. South Coast AQMD is responsible for monitoring air pollution within the Basin and for developing and administering programs to reduce air pollution levels below the health-based standards established by the state and federal governments.

South Coast AQMD provides a full range of air pollution control activities, including permitting, site inspection, air quality attainment planning, rule making, air quality monitoring and technology advancement. Government Accounting Standards Board Statement No. 61 requires that certain separate but related component units be included with South Coast AQMD for reporting purposes. This report includes the South Coast Air Quality Management District Building Corporation (Corporation) as a blended component unit. South Coast AQMD may impose its will on the component unit, including the ability to appoint, hire, reassign or dismiss management. There are also financial benefit/burden relationships between South Coast AQMD and the Corporation. For additional information, see Note 1 to the financial statements.

The annual budget serves as the foundation for South Coast AQMD's financial planning and control. The Governing Board is required to adopt an annual budget by July 1 of each fiscal year. South Coast AQMD's annual appropriated budgets are adopted for the General Fund. Budgets are adopted on a budgetary basis that includes encumbrances as expenditures. All annual appropriations lapse at fiscal year end to the extent they have not been expended or encumbered. Amendments to increase the budget must be approved by the Governing Board. Budgets for Special Revenue Funds are not adopted due to the narrow focus (advance technology demonstration projects/emission reduction projects) and limited life of many of these special revenues. Expenditures from the Special Revenue Funds require Governing Board approval and are primarily related to contractual obligations with vendors and grantees. Administrative expenditures related to managing

and accounting for Special Revenue Fund projects are appropriated within the General Fund budget.

South Coast AQMD maintains budgetary controls through both signature authority and automated budget checking. The objective of these controls is to ensure compliance with specific special revenue fund appropriations and the annual appropriated budget approved by the Governing Board. South Coast AQMD maintains an encumbrance accounting system of purchase orders and contracts at the fund level as a means of accomplishing budgetary control. Open encumbrances are reported as committed fund balance at the end of the fiscal year. Purchase orders and contracts are reviewed to ensure that funds are available and that requests are properly authorized prior to being released or executed.

The accounting principles applied in reporting budgetary expenditures differ in some respects from the generally accepted accounting principles applied in the reporting of the financial statements. Reconciliation of these differences is presented in the Required Supplementary Information section of this report.

As reflected in the statements and schedules included in the financial section of this report, South Coast AQMD continues to meet its responsibility for sound financial management.

Factors Affecting Financial Condition

South Coast AQMD is a fee-supported agency and does not receive sales or property tax support. Approximately 68% of its General Fund revenue is derived from permit evaluation fees, annual permit renewal fees, emission fees, Hearing Board fees, Area Sources, Toxic Hot Spots, penalties and settlements, interest earnings, and other revenues. The remaining 32% of its General Fund revenue is derived from federal grants, state grants, California Air Resources Board (CARB) subvention funds, and motor vehicle fees.

To meet its program commitments, despite new federal and state mandates, increased workload complexity, and ongoing cost containment efforts, South Coast AQMD continues to streamline many of its operations. Compared to the fiscal year 1991-92 General Fund budget, the fiscal year 2019-20 General Fund budget reflects funded staffing levels that are approximately 19% below the 1991-92 level. The budgeted General Fund expenditures, when adjusted for inflation, are approximately 13% less than the 1991-92 period.

Government-wide revenues during this fiscal year increased by 4.7% as compared to the prior fiscal year, primarily due to increase in the grants such as the implementation portion of the Community Air Protection Program (CAPP) and subsequent increase in revenue. General Fund revenues increased by 12.6% as compared to the prior fiscal year, primarily

due to increase in state grants such as the implementation portion of CAPP, last year of a three-year Board approved fee increase of 10.6%, increase in CPI of 3.5% and increase in unexpected large one-time penalties and settlements paid by non-compliant entities. Future changes in government-wide revenue are highly dependent on the timing of receipts and continuation of state and federal grant funding, while General Fund revenues are expected to continue to remain generally stable or decline slightly through the following fiscal year due to the impact of COVID-19 on the economy.

Government-wide expenses increased when compared to the prior fiscal year by 18.2% primarily due to expenditures related to state grants such as Carl Moyer program, incentive portion of CAPP funds and increase in Advance Technology Goods Movement funds. General Fund expenditures increased by 8.4% as compared to the prior fiscal year, due to increased employee retirement plan contributions, slight salary increases and expenditures related to grants such as the implementation portion of CAPP. Future changes in government-wide expenses are highly dependent on the timing of receipts and continuation of state and federal grant funding, while General Fund expenditures are expected to increase through the following fiscal year due to the continued increases in employee retirement plan contributions.

Long-term Financial Planning

In addressing long-term program costs, South Coast AQMD has pursued actions over the past several years including legislative changes to the employee retirement plan, labor negotiations, and the use of one-time revenues to lower its long-term retirement costs. As part of the annual budget process, South Coast AQMD prepares a five year financial plan that demonstrates the commitment to meet future financial challenges and uncertainties while continuing to protect the health of the residents within the South Coast AQMD boundaries and remaining sensitive to business. During the current fiscal year and beyond, South Coast AQMD continues to look for cost savings and operational efficiencies as a means of balancing revenues and expenditures to ensure long term financial sustainability.

Relevant Financial Policies

In recent years, South Coast AQMD's Governing Board has made several policy decisions to meet future financial challenges and uncertainties while continuing to protect the health of the residents within the South Coast AQMD boundaries and remaining sensitive to business. These policy decisions include reducing debt, negotiating reductions in the cost of pensions, and reviewing and revising fee policies. In fiscal year 2012-13, debt associated with the Headquarters building was eliminated, while additional funds were set aside in fiscal year 2013-14 to pay for outstanding debt related to pension obligation bonds. Starting fiscal year 2017-18 employer pick-up of employee retirement plan contributions was completely phased out and the entire employee contribution

portion of the pension cost is picked up by employees. This was eliminated at the direction of the Governing Board and was part of a three-year labor agreement. Over the past decade and continuing, changes and reductions in pension benefits and costs have been successfully negotiated with the employees of South Coast AQMD as a means of curbing the cost of pensions and associated liabilities.

In fiscal year 2010-11, South Coast AQMD's Governing Board approved a rule which provides that certain fees be automatically adjusted effective July 1 of each year by the California Consumer Price Index for the preceding calendar year unless the Governing Board by rule decides not to implement such fee increase for a given year, either for all fees or for a specified fee or fees. Due to the economic downturn caused by COVID-19, the Governing Board decided to not implement any fee increases related to increase in CPI for Fiscal Year 2020-21.

Additionally, the Governing Board adopted a fund balance policy for the General Fund so that an amount equal to at least 20% of General Fund revenues is maintained in the combination of Assigned and Unassigned General Fund Balance. The policy serves to mitigate current and future risks related to potential revenue shortfalls and/or unanticipated expenditures.

In March 2020, the World Health Organization declared the outbreak of a novel coronavirus (COVID-19) as a global pandemic, which continues to spread throughout the United States and around the world. As a governmental agency, South Coast AQMD is deemed to be an essential business. The Executive Officer has activated the Continuity of Operations Plan (COOP) and a large portion of the workforce is teleworking from home. South Coast AQMD is aware of changes in its business as a result of COVID-19. The extent to which the COVID-19 may impact South Coast AQMD's operating results, cash flows, and financial position will depend on future developments. The duration of any business disruption and related financial impact cannot be reasonably estimated at this time.

Major Initiatives

The mission of South Coast AQMD is to protect public health from air pollution with sensitivity to the impacts of its actions on the community, public agencies and businesses. To carry out this mission, South Coast AQMD has developed the following goals:

- I. Achieve clean air standards.
- II. Enhance public education and equitable treatment for all communities.
- III. Operate efficiently and transparently.

During fiscal year 2019-20, South Coast AQMD advanced many projects which were particularly important to achieving our mission and goals, including: emissions

reductions as specified in the 2016 Air Quality Management Plan; conduct air monitoring and implementation of community emission reduction plans for year 1 communities and conduct outreach to develop recommendations for year 2 communities; complete all Title V facilities inspections and support development of Cleaner Advanced Technology, development of enhanced emissions/ambient monitoring capabilities, increased communication between South Coast AQMD and all stakeholders, and internal business process improvement such as reducing the number of pending permit applications in the backlog.

Awards and Acknowledgements

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the South Coast Air Quality Management District for its Comprehensive Annual Financial Report (CAFR) for the fiscal year ended June 30, 2019. The Certificate of Achievement is a prestigious national award recognizing conformance with the highest standards for preparation of state and local government financial reports. In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized Comprehensive Annual Financial Report, whose contents conform to program standards. The Comprehensive Annual Financial Report must satisfy both generally accepted accounting principles and applicable legal requirements. The Certificate of Achievement is valid for a period of one year only. We believe our current report continues to meet the Certificate of Achievement program requirements, and we are submitting it to GFOA to determine its eligibility for another certificate.

The preparation of our comprehensive annual financial report was made possible by the dedicated services of the accounting, financial services, and management staff of the Finance Office. These members have our sincere appreciation for the contribution made in the preparation of this report.

Recognition is also given to the Governing Board for their leadership and support and to all employees of South Coast AQMD who continue their work to accomplish South Coast AQMD's mission of protecting public health from air pollution with sensitivity to the impacts of its actions on the community and businesses.

Respectfully submitted,

INDEPENDENT AUDITOR'S REPORT

The Governing Board of
South Coast Air Quality Management District

Report on the Basic Financial Statements

We have audited the accompanying basic financial statements of the governmental activities, the blended component unit, each major fund, and the aggregate remaining fund information of the South Coast Air Quality Management District (South Coast AQMD), as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the South Coast AQMD's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

South Coast AQMD's management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the basic financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the basic financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the basic financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the basic financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the blended component unit, each major fund, and the aggregate remaining fund information of the South Coast AQMD, as of June 30, 2020, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that Management's Discussion and Analysis and the required supplementary information on pages 4-11 and 67-73, respectively, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the South Coast AQMD's basic financial statements. The introductory section, combining and individual nonmajor fund financial statements, and statistical section are presented for the purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with the auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

**SOUTH COAST AIR QUALITY MANAGEMENT DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS
June 30, 2020**

As management of the South Coast Air Quality Management District (South Coast AQMD), we offer readers of South Coast AQMD's financial statements this narrative overview and analysis of the financial activities of South Coast AQMD for fiscal year ended June 30, 2020. Please read it in conjunction with the accompanying transmittal letter, the basic financial statements, and the accompanying notes to those financial statements.

A. Financial Highlights

- Total assets and deferred outflows of resources of South Coast AQMD exceeded its total liabilities and deferred inflows of resources at the close of the most recent fiscal year by \$762.6 million (net position), an increase of \$70.2 million was the change in net position for the current year. The net position of \$762.6 million consisted of: \$38.5 million net investment in capital assets; \$850.5 million restricted for long-term emission-reduction projects; and a deficit of \$126.4 million unrestricted net position primarily due to a net pension liability of \$233.9 million.
- As of the close of the fiscal year, South Coast AQMD's governmental funds reported combined ending fund balances of \$935.1 million, an increase of \$77.9 million in comparison to the prior year. Of the \$935.1 million combined ending fund balances, \$84.5 million represents the fund balance of the General Fund.
- Out of the general fund balance of \$84.5 million at the end of the fiscal year, \$65,321 was nonspendable, \$12.4 million was committed, \$6.1 million was assigned and \$66.0 million was unassigned, which is 38.2% of the general fund expenditures.
- South Coast AQMD's capital assets increased by \$3.0 million from the prior year.
- South Coast AQMD's long-term debt decreased by \$2.5 million or 7.3% of the long-term debt outstanding.
- South Coast AQMD's net pension liability increased by \$15.7 million or 7.1% from the prior year.

B. Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to South Coast AQMD's basic financial statements. South Coast AQMD's basic financial statements have three components: 1) Government-wide Financial Statements; 2) Fund Financial Statements; and 3) Notes to the Basic Financial Statements. This report also contains supplementary information in addition to the basic financial statements.

**SOUTH COAST AIR QUALITY MANAGEMENT DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS
June 30, 2020**

In general, the purpose of financial reporting is to provide the external parties that read financial statements with information that will help them make decisions or draw conclusions about an entity. In order to address the needs of as many parties as reasonably possible, South Coast AQMD, in accordance with required reporting standards, presents government-wide financial statements and fund financial statements.

Government-wide Financial Statements

The focus of government-wide financial statements is on the overall financial position and activities of South Coast AQMD. These financial statements are constructed around the concept of a primary government and its component unit, excluding fiduciary funds. The financial statements of South Coast AQMD's fiduciary funds are not included in the government-wide financial statements because these funds cannot be used to finance South Coast AQMD's activities.

The government-wide financial statements are designed to provide readers with a broad overview of South Coast AQMD's finances in a manner similar to a private sector business. These financial statements include the Statement of Net Position and the Statement of Activities.

The Statement of Net Position reports all assets and deferred outflows of resources held and liabilities and deferred inflows of resources owed by South Coast AQMD using the accrual basis of accounting which is similar to the accounting method used by most private sector companies. The difference between assets and liabilities is reported as net position. Over time increases or decreases in net position serve as a useful indicator of whether South Coast AQMD's financial position is improving or deteriorating.

The Statement of Activities presents information showing how South Coast AQMD's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods such as earned but unused vacation leave.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. South Coast AQMD, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of South Coast AQMD can be divided into two categories: governmental funds and fiduciary funds.

**SOUTH COAST AIR QUALITY MANAGEMENT DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS
June 30, 2020**

Governmental Funds

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on current sources and uses of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Non-financial assets such as land and building and long-term liabilities such as pension obligation bonds payable or long term liabilities that will not be paid with current assets are excluded. Such information on available spendable resources may be useful in evaluating South Coast AQMD's near-term financing requirements. The Basic Governmental Fund Statements can be found under the Fund Financial Statements section of this report.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the Government-wide Financial Statements. By doing so, readers may better understand the long-term impact of South Coast AQMD's near-term financing decisions. Information from the Governmental Funds Balance Sheet and the Governmental Funds Statement of Revenues, Expenditures and Changes in Fund Balances is used to facilitate the comparison between governmental funds and governmental activities. The reconciliation between the Governmental Funds Balance Sheet and the Government-wide Statement of Net Position can be found under the Fund Financial Statements section. The reconciliation of the total change in fund balances for all governmental funds to the change in net position can also be found under that same section.

South Coast AQMD maintains 47 individual special revenue funds, one debt service fund, one capital projects fund, and a blended component unit in addition to the General Fund. Four of the special revenue funds are considered major funds. The information for the major special revenue funds is presented separately in the Governmental Fund Balance Sheet and in the Governmental Fund Statement of Revenues, Expenditures and Changes in Fund balances. Data for the other 43 non-major special revenue funds, debt service fund, capital projects fund and blended component unit are combined into a single, aggregated presentation. Individual fund data for each of the 43 non-major governmental funds, debt service fund, capital projects fund, and blended component unit, is reported in the Other Supplementary Information section of this report.

South Coast AQMD adopts an annual appropriated budget for its General Fund. A budgetary comparison statement has been provided for the General Fund to demonstrate compliance with this budget. This is presented in the Required Supplementary Information (RSI) section of this report. Also, presented in RSI are South Coast AQMD's schedule of proportionate share of net pension liability, schedule of

**SOUTH COAST AIR QUALITY MANAGEMENT DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS
June 30, 2020**

proportionate share of net OPEB liability, and schedules of contributions for pensions and OPEB.

Fiduciary Funds

Fiduciary Funds represent Agency Funds and Retirement Benefit Trust Fund which are custodial in nature and do not involve measurement of results of operations. South Coast AQMD's fiduciary activities are reported in separate Statements of Fiduciary Net Position. These statements are excluded from South Coast AQMD's other financial statements because the resources of fiduciary funds, by definition, cannot be used to support South Coast AQMD's own programs. South Coast AQMD is responsible for ensuring that the assets reported in these funds are used for their intended purposes. The accounting used for fiduciary funds is much like that used for proprietary funds.

South Coast AQMD's Fiduciary Fund Financial Statements for the Agency Funds and Retirement Benefit Trust Fund are presented under the Fund Financial Statements section.

Notes to the Basic Financial Statements

The Notes to the Basic Financial Statements provide additional information that is essential to the reader for a full understanding of the data provided in the Government-wide and fund financial statements.

Other Information

In addition to the basic financial statements and accompanying notes, this report also presents a RSI section concerning the General Fund's budgetary comparison schedule and budgetary reconciliation. Also included in RSI are South Coast AQMD's schedule of proportionate share of net pension liability, schedule of proportionate share of net OPEB liability, and schedules of contributions for pensions and OPEB.

Individual fund data for each of the non-major governmental funds is included in the Other Supplementary Information section.

The Statistical section provides readers with information covering financial trends, revenue capacity, debt capacity, demographic and economic information, and operating information.

C. Government-wide Financial Analysis

Our analysis focuses on the net position and changes in net position of South Coast AQMD's governmental activity.

**SOUTH COAST AIR QUALITY MANAGEMENT DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS
June 30, 2020**

The schedule below presents a condensed Statement of Net Position as of June 30, 2020 compared with the prior fiscal year.

**South Coast AQMD's Net Position
(Amounts expressed in thousands)**

	Governmental Activities		Total	
	<u>FY 2019-20</u>	<u>FY 2018-19</u>	<u>FY 2019-20</u>	<u>FY 2018-19</u>
Current and other assets	\$ 1,024,871	\$ 932,368	\$ 1,024,871	\$ 932,368
Capital assets	<u>38,515</u>	<u>35,502</u>	<u>38,515</u>	<u>35,502</u>
Total assets	<u>1,063,386</u>	<u>967,870</u>	<u>1,063,386</u>	<u>967,870</u>

Deferred inflow of resources-other	<u>418</u>	<u>-</u>	<u>418</u>	<u>-</u>
Total deferred inflow of resources	<u>18,882</u>	<u>30,548</u>	<u>18,882</u>	<u>30,548</u>
Net Position:				
Net investment in capital assets	38,515	35,502	38,515	35,502
Restricted for:				
Restricted for long-term emission-reduction projects	850,524	785,722	850,524	785,722
Unrestricted	<u>(126,464)</u>	<u>(128,939)</u>	<u>(126,464)</u>	<u>(128,939)</u>
Total net position	<u>\$ 762,575</u>	<u>\$ 692,285</u>	<u>\$ 762,575</u>	<u>\$ 692,285</u>

As noted earlier, net position may serve over time as a useful indicator of South Coast AQMD's financial position. At the close of the most recent fiscal year, South Coast AQMD's assets exceeded liabilities by \$762.6 million.

The largest portion of South Coast AQMD's net position, \$850.5 million, represents resources that are subject to external restrictions on how they may be used. The revenue in special revenue funds is restricted to expenditures for specific purposes. Approximately \$38.5 million of South Coast AQMD's net position reflect its investment in capital assets used by South Coast AQMD (e.g. land, buildings, equipment, and vehicles) less any related debt used to acquire those assets that is still outstanding. South Coast AQMD uses these capital assets in carrying out its mission of protecting public health while being sensitive to the economic needs of local businesses. Consequently,

**SOUTH COAST AIR QUALITY MANAGEMENT DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS
June 30, 2020**

these assets are not available for future spending. Although South Coast AQMD's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources since the capital assets themselves cannot be used to liquidate these liabilities. The debt service installment schedules for the 1995 and 2004 Pension Obligation Bonds will be fully paid by fiscal years 2022 and 2024, respectively.

The remaining portion of South Coast AQMD's net position of governmental activities, a deficit of \$126.4 million, is unrestricted. The deficit is mainly due to the net pension liability. At the end of the current fiscal year, South Coast AQMD had a negative balance in the unrestricted categories of net position and positive fund balance in restricted and net investment in capital asset category.

The net position for governmental activities increased by \$70.2 million compared with the prior fiscal year. Most of the increase was due to revenues in long-term emission-reduction projects.

Program revenues increased by approximately \$15.9 million, 3.7% change from the prior year. These are largely due to an increase of approximately \$11.7 million in state grants and \$3.4 million in annual renewal fees, and offsetted by \$2.5 million decrease in interest revenue of special revenue funds. General revenue increased by \$4.8 million, compared with the prior fiscal year, which is primarily attributed to an increase in penalties and settlements.

Expenses increased by \$59.8 million largely due to a higher amount paid for fiscal year 2019-20 long-term emission reduction projects as compared to fiscal year 2018-19.

A condensed Schedule of Changes in Net Position for the fiscal year ending June 30, 2020 compared with the prior fiscal year can be found on the following page.

Governmental Activities

The objective of the statement of activities is to report the full cost of providing government services for that year. The format also permits the reader to ascertain the extent to which each function is either self-financing or draws from the general funds of the government.

The Statement of Activities presents information showing how South Coast AQMD's net position changed during fiscal year 2020. All changes in net position are reported as soon as the underlying event occurs regardless of the timing of the cash flows.

The Governmental activities of South Coast AQMD are predominantly supported by fees, grants, state subvention, penalties, and settlements. The penalties and settlements are one-time revenues which are over and above the regular revenues directly related to the programs. The governmental activities of South Coast AQMD are: Advance Clean Air Technology, Ensure Compliance with Clean Air Rules, Customer Service and Business Assistance, Develop Programs to Achieve Clean Air, Develop Rules to Achieve Clean Air, Monitoring Air Quality, Timely Review of Permits, Policy Support, and Long-Term Emission Reduction Projects.

There was an increase in program revenues in the Operating Grants and Subvention Revenues Sources. The program revenues in this revenue category are made up of revenues from mostly restricted revenue derived from federal and state funds. Following are the explanations of the significant revenue variances from fiscal year 2018-19 to fiscal year 2019-20:

- **Community Air Protection Program (CAPP)** – In fiscal year 2018-19, the incentive and operating portions of CAPP were recognized \$106.2 million in Community Air Protection AB 134 Fund (Special Revenue Fund) and \$10.9 million in AB 617 (General Fund), respectively. In fiscal year 2019-20, the incentive portion of CAPP in the special revenue fund were decreased by \$21.2 million and the operating portion of CAPP in the general fund were increased by \$7.2 million.
- **VW Mitigation Fund** - Established in fiscal year 2019 to administer and implement two project funding categories identify in CARB's Beneficiary Mitigation Plan for the VW Environmental Mitigation Trust. In fiscal year 2019-20, this fund recognized the first allocation of \$7.6 million in state grant revenue.

Business-type Activities

The Business-type Activities section reports transactions relating to the CNG fueling station. The CNG fueling station were closed in fiscal year 2017-18. Thus, no business-type activities were reported in this financial statements.

Source: FY 2019-2020 CAFR Statement of Activities

**SOUTH COAST AIR QUALITY MANAGEMENT DISTRICT
MANAGEMENT’S DISCUSSION AND ANALYSIS
June 30, 2020**

The following schedule presents the cost of each South Coast AQMD program as well as each program’s net cost (total cost less revenues generated by the activities):

GOVERNMENTAL ACTIVITIES

**Net (Expense) Revenue
(amounts expressed in thousands)**

	<u>FY 2019-20</u>	
	<u>Total Cost of Program Activities</u>	<u>Net Cost of Program Activities</u>
Advance clean air technology	\$ 12,827	\$ (3,240)
Ensure compliance with clean air rule	55,168	(5,027)
Customer service and business assistance	13,032	(1,004)
Develop programs to achieve clean air	12,472	(708)
Develop rules to achieve clean air	14,131	(849)
Monitoring air quality	31,911	(1,305)
Timely review of permits	35,511	(1,708)
Policy support	1,946	(151)
Interest on long-term debt	3,463	(3,463)
Long-term emission reduction projects	206,807	69,473
Total	<u>\$ 387,268</u>	<u>\$ 52,018</u>

The program activities are described as follows:

- **Advance Clean Air Technology** – Identify technologies from anywhere in the world that may have application in reducing emissions from mobile and stationary sources in South Coast AQMD’s jurisdiction. Promote development and assess the use of clean fuels and low-emitting technologies. Implement and administer state- and federal-funded programs for retrofitting, re-powering, or replacing diesel engines with newer and cleaner engines and projects to reduce air pollution associated with freight movement along California’s trade corridors.
- **Ensure Compliance with Clean Air Rules** – Perform inspections, source tests, sample collection, the certification of Continuous Emission Monitoring Systems (CEMS), emissions audits, and respond to and resolve public complaints to ensure compliance with South Coast AQMD rules for existing major and small stationary sources of all pollutants.
- **Customer Service and Business Assistance** – Provide local government, business, and the public with access and input into the regulatory and policy processes of South Coast AQMD. Assist cities and others with AB 2766 projects. Interact with local, state and federal agencies and others to share air quality information, resolve jurisdictional questions, and implement joint programs. Implement comprehensive public information, legislative and customer service programs.

**SOUTH COAST AIR QUALITY MANAGEMENT DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS
June 30, 2020**

- **Develop Programs to Achieve Clean Air** – Develop a regional Air Quality Management Plan (AQMP) to achieve federal and state ambient air quality standards and to meet all other requirements of the federal and California Clean Air Acts. Analyze air quality data and provide an estimate of pollutant emissions by source category. Develop pollutant control strategies and project future air quality using computer models and statistical analysis of alternative control scenarios.
- **Develop Rules to Achieve Clean Air** – Develop emission reduction regulations for sulfur dioxide, nitrogen dioxide, organic gases, particulate matter, toxics, and other pollutants to implement the regional AQMP, Tanner Air Toxics Process (AB 1807), National Emission Standards for Hazardous Air Pollutants (NESHAPS), and Prevention of Significant Deterioration (PSD) requirements.
- **Monitoring Air Quality** – Operate and maintain within South Coast AQMD's jurisdiction a network of air quality monitoring sites for ozone, nitrogen oxides, sulfur oxides, particulate matter, carbon monoxide and other pollutants to obtain data regarding public exposure to air contaminants. Analyze, summarize, and report air quality information generated from the monitoring sites. Prepare meteorological forecasts and models.
- **Timely Review of Permits** – Ensure timely processing of permits for new sources based on compliance with New Source Review and other applicable local, state and federal air quality rules and regulations.
- **Policy Support** – Provide support staff to the Governing Board, Board committees, and various advisory and other groups as well as ad hoc committees and Rule working groups. Monitor potential changes to state and federal legislation and budgets that may affect South Coast AQMD.
- **Interest on Long-Term Debt** – Identify the cost of borrowing on Pension Obligation Bonds to partially retire the Unfunded Actuarial Accrued Liability (UAAL) due to San Bernardino County Employees' Retirement Association (SBCERA).
- **Long-term Emission Reduction Projects** – Generate funding for long-term projects that reduce emissions in the South Coast Air Basin. Funding for special funds activities are recognized when received and projects carried out may extend over multiple fiscal years.

D. Financial Analysis of South Coast AQMD's Funds

As noted earlier, South Coast AQMD uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

**SOUTH COAST AIR QUALITY MANAGEMENT DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS
June 30, 2020**

Governmental Funds

The focus of South Coast AQMD's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing South Coast AQMD's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the fiscal year, South Coast AQMD's governmental funds reported combined ending fund balances of \$935.1 million, an increase of \$77.9 million in comparison with the prior year. Approximately 90.9% of these fund balances (\$850.5 million) constitutes the portion pertaining to special revenue funds. Expenditures under these funds are restricted for specific purposes. The long-term contractual commitments related to these special fund programs, such as replacement of diesel-fueled trucks, involve multiple-year spending.

- **The General Fund** is the operating fund of South Coast AQMD. At the end of the fiscal year, the total fund balance of the General Fund was \$84.5 million. The unassigned fund balance was \$66.0 million or 78.0% of the total fund balance; assigned was \$6.1 million or 7.2% of the total fund balance. The assigned amount represents South Coast AQMD's intended use of the financial resources in future periods. One measure of the General Fund's liquidity is the comparison of both assigned and unassigned fund balance to total expenditures. The assigned and unassigned fund balance represent 41.7% of total General Fund expenditures, while total fund balance represents 48.9% of the total General Fund expenditures. In the General Fund, the assigned and unassigned fund balance may serve as a useful measure of South Coast AQMD's net resources available for spending at the end of the fiscal year.

General Fund's revenues increased in fiscal year 2019-20 by \$20.3 million. This increase is primarily due to revenue increases from the state grants and penalties and settlements.

Overall, General Fund's expenditures increased in fiscal year 2019-20 by \$13.3 million primarily due to higher salaries and employment benefits expenditures as compared to prior fiscal year. This is due primarily to increased cost associated with the three year labor agreement, increased in retirement plan contribution, and adding positions.

Fund balance changes in other major governmental funds are noted below:

- **Air Quality Investment Fund** – The fund balance increased compared with the prior year by \$25.2 million due to revenues exceeding expenditures in fiscal year 2019-20. This fund recognized \$33.8 million in the other revenues. Many

**SOUTH COAST AIR QUALITY MANAGEMENT DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS
June 30, 2020**

of the contracts executed in this special revenue fund are multi-year and the projects are often long-term and expenditures can vary significantly from year to year.

- **GHG Reduction Projects Special Revenue Fund** –The fund balance decreased slightly in fiscal year 2019-20 by \$405,983 due to expenditures exceeding revenues in fiscal year 2019-20. This fund recognized \$12.3 million more state grant and offsetted by contract and special service expenditures. Many of the contracts executed in this special revenue fund are multi-year and expenditures can vary significantly from year to year.
- **Community Air Protection AB 134 Fund** – This fund was established to account for AB 617 Community Air Protection incentive funds. The fund balance increased by \$57.0 million due to revenues exceeding expenditures in fiscal year 2019-20. This fund recognized \$85.0 million in state grant revenue during the fiscal year 2019-20, and multi-year projects that are identified in approved AB 617 Community Emissions Reduction Plans were executed in this funding.
- **Carl Moyer Program (CMP) AB 923 Fund** – The fund balance decreased by \$13.9 million due to expenditures exceeding revenues in fiscal year 2019-20. Many of the contracts executed in this special revenue fund are multi-year and expenditures can vary significantly from year to year.

E. General Fund Budgetary Highlights

Overall, the fiscal year 2019-20 adopted budget represented a \$8.3 million (5.1%) increase in expenditures/transfers out over the fiscal year 2018-19 adopted budget. The fiscal year 2019-20 adopted budget increased due to adding 63 grant funded positions, cost increases associated with the three-year labor agreement and an increase in retirement contribution rates. On a budgetary basis, actual fiscal year 2019-20 General Fund revenues/transfers in exceeded expenditures/transfers out by \$12.2 million.

South Coast AQMD adopts an annual operating budget for the General Fund. During budget preparation, South Coast AQMD estimates its revenues using realistic but conservative methods so as to budget its expenditure appropriations and activities in a prudent manner. As a result, South Coast AQMD adopts budget amendments during the fiscal year to reflect availability of additional revenues for expansion of existing programs and any budget transfers between major accounts.

**SOUTH COAST AIR QUALITY MANAGEMENT DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS
June 30, 2020**

The fiscal year 2019-20 amended budget compared to the adopted budget reflected an increase in appropriations of \$21.7 million. The changes to the budget were the result of Governing Board actions that allocated additional funding after the budget was adopted. Also, changes can be attributed to Governing Board approved use of unassigned fund balance for program needs that were unknown at the time the budget was developed.

Additional funding was appropriated during fiscal year 2019-20 from the following:

EPA - \$1,855,000 for the following programs: Photochemical Assessment Monitoring Stations (PAMS), PM 2.5 Monitoring, Science to Achieve Results (STAR) research grant for low cost air monitoring sensors, the National Air Toxics Monitoring Program, Near Road NO₂ and enhanced particulate monitoring programs.

State Grants - \$5,231,00 to implement the AB 617 program for community air monitoring and the development of community emission reduction plans.

Rule 1118 Mitigation Fund - \$117,000 to assist in conducting the fifth Multiple Air Toxics Exposure Study (MATES V).

Rule 1180 Special Revenue Fund – \$7,493,000 for the installation and operation of community air monitoring stations near refineries.

VW Mitigation Fund - \$447,000 to administer and implement Zero Emission Class 8 Freight and Port Drayage Truck projects. Also, to administer and implement Combustion Freight and Marine projects.

Unassigned Fund Balance - \$6,541,000 for specialized legal services, elevator upgrade and renovation, legislative representation in Sacramento, office data cable infrastructure, cafeteria and security monitoring equipment, replacement of air monitoring equipment, air filtration systems in environmental justice schools, transfers out to the Building Infrastructure and Health Effects funds, and the restoration of budget reductions that occurred during the Fiscal Year 2019-20 budget development.

For fiscal year 2019-20, actual revenues were \$7.6 million or 4.3% higher than the final budget and expenditure savings were \$15.9 million or 8.4%.

Actual revenue was higher than the final budget primarily due to Penalty and Settlement revenue being higher than anticipated. Also, State Grant revenue was

**SOUTH COAST AIR QUALITY MANAGEMENT DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS
June 30, 2020**

higher than expected due to receipt of and reimbursement of AB 617 expenditures in June 2020 that was anticipated to be received in FY 2020-21.

The expenditure savings can be primarily attributed to various fiscal measures implemented in the second half of the fiscal year due to uncertainty stemming from the COVID-19 pandemic. The fiscal measures implemented included a hiring freeze and spending reductions in Services and Supplies and Capital Outlays.

F. Capital Assets and Debt Administration

Capital Assets

South Coast AQMD's investment in capital assets is mostly for its governmental activities. The book value was \$38.5 million (net of accumulated depreciation of \$99.5 million) as of June 30, 2020. This investment in capital assets includes land, buildings, laboratory equipment, air monitoring stations, intangible assets (internally generated software) and South Coast AQMD fleet vehicles. Depreciation on capital assets is recognized in the Government-wide financial statements.

Additional information on the capital assets can be found in Note V under the Notes to the Basic Financial Statements section.

Long-Term Debt

At the end of the current fiscal year, South Coast AQMD had total long-term debt outstanding of \$31.9 million, including the current portion of \$5.6 million. The amount of \$15.6 million represents the Pension Obligation Bonds. The 1995 series issued in December 1995 (outstanding balance of \$917,324 million) and the 2004 series issued in June 2004 (outstanding balance of \$14.7 million) retired the Unfunded Actuarial Accrued Liability due to San Bernardino County Employees' Retirement Association as of June 30, 2004. Other long-term debt includes general liability claims and workers' compensation claims payable of \$938,163 and compensated absences of \$15.3 million.

Additional information on South Coast AQMD's long-term debt can be found in Note VII under the Notes to the Basic Financial Statements section of this report.

G. Economic Factors and Next Year's Budget and Rates

The fiscal year 2020-21 expenditure budget decreased by 11.3% compared to the fiscal year 2019-20 amended budget. The budget reflects a decrease of \$17.1 million in expenditures from the fiscal year 2019-20 Amended Budget and a \$2.1 million increase from the fiscal year 2019-20 Adopted Budget. The increase in expenditures from the fiscal year 2019-20 Adopted Budget can be attributed to an increase in debt

**SOUTH COAST AIR QUALITY MANAGEMENT DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS
June 30, 2020**

service. In addition, the FY 2020-21 Adopted Budget reflect increases in expenditures for grant funded programs in the major objects of services/supplies and capital outlays.

In fiscal year 2020-21, revenues are projected to increase by approximately \$2.1 million from the fiscal year 2019-20 adopted budget. The increase in revenue can be mainly attributed additional grant funding for the AB 617 Community Air Protection Program. Nevertheless, in recent years, South Coast AQMD's revenues have not kept pace with program costs mainly due to increases in retirement rates as the result of market losses to the retirement system's investments.

Moreover, since fiscal year 1991-92, the South Coast AQMD has reduced staffing and program costs despite increased program requirements. The fiscal year 2020-21 expenditure budget is \$173.0 million and includes 946 authorized positions. Compared to fiscal year 1991-92, this reflects a reduction of 19% in authorized positions. Program costs, however, will exceed the fiscal year 1991-92 budget by \$60.0 million (approximately 53%). Using inflation-adjusted dollars, however, this year's budget request is 13% less than the budget approved in fiscal year 1991-92.

H. Requests for Information

This financial report is designed to provide a general overview of South Coast AQMD's finances for readers of the financial statements. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Finance Office, South Coast Air Quality Management District, 21865 Copley Drive, Diamond Bar, CA 91765-4182.

**SOUTH COAST AIR QUALITY MANAGEMENT DISTRICT
RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET
TO THE GOVERNMENT-WIDE STATEMENT OF NET POSITION
June 30, 2020**

Total fund balances – total governmental funds \$ 935,061,004

Amounts reported for governmental activities in the Statement of Net Position are different because:

Capital assets used in governmental activities are not current financial resources and therefore are not reported in the Governmental Funds Balance Sheet. These capital assets net of accumulated depreciation are reported in the Statement of Net Position as capital assets of South Coast AQMD as a whole. 38,515,020

Deferred outflows of resources are not current financial resources and therefore are not reported in the Governmental Fund Balance Sheet. 79,617,581

Interest payable on long-term debt does not require current financial resources. Therefore, interest payable is not reported as a liability in Governmental Funds Balance Sheet. (2,727,103)

Long-term liabilities and deferred inflows are not due and payable in the current period and accordingly are not reported as fund liabilities and deferred inflows. All liabilities and deferred inflows of resources, both current and long-term, are reported in the Statement of Net Position.

Net pension liability	(233,891,405)
Net OPEB liability	(3,627,000)
General liability	(73,000)
Workers' compensation	(865,163)
Compensated absences	(15,333,222)
Pension obligation bonds	(15,637,323)
Deferred inflows of resources related to pension and OPEB	(18,464,189)

Net position of governmental activities	\$ 762,575,200

**SOUTH COAST AIR QUALITY MANAGEMENT DISTRICT
RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF
REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES TO THE
GOVERNMENT-WIDE STATEMENT OF ACTIVITIES
For the Year Ended June 30, 2020**

Net change in fund balances – total governmental funds	\$ 77,921,267
Amounts reported for governmental activities in the Statement of Activities are different because:	
Governmental funds report capital outlays as expenditures. However, in the Government-wide Statement of Activities and Changes in Net Position, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount of capital outlays recorded in the current period.	8,872,504
Depreciation and miscellaneous expenses on capital assets is reported in the Government-wide Statement of Activities and Changes in Net Position, but they do not require the use of current financial resources. Therefore, depreciation expense is not reported as expenditures in governmental funds.	(5,859,086)
Pension expense is reported in the Government-wide Statement of Activities and Changes in Net Position, but they do not require the use of current financial resources.	(46,281,985)
Pension contribution made by employer in current fiscal year reduce the net pension liability and do not require current resources.	33,202,615
OPEB expense is reported in the Government-wide Statement of Activities and Changes in Net Position, but they do not require the use of current financial resources.	(353,900)
OPEB contribution made by employer in current fiscal year reduce the net OPEB liability and do not require current resources.	240,984
Repayment of bond principal is an expenditure in the governmental funds. For SCAQMD as a whole, principal payments reduce the liabilities in the Government-wide Statement of Net Position and do not result in an expense in the Statement of Activities and Changes in Net Position.	3,686,640
Accrued interest expense on long-term debt is reported in the Government-wide Statement of Activities and Changes in Net Position, but it does not require the use of current financial resources. Therefore, accrued interest expense is not reported as an expenditure in governmental funds. The amount represents the change in accrued interest from the prior year.	40,728
Long-term compensated absences and general liability/workers' compensation claims are reported in the Government-wide Statement of Activities and Changes in Net Position, but they do not require the use of current financial resources. Therefore, they are not reported as expenditures in governmental funds. The following amounts represent the change from the prior year:	
Compensated absences	(1,646,843)
General and auto liability/workers' compensation claims	466,846
	466,846
Change in net position of governmental activities	\$ 70,289,770

See accompanying notes to the basic financial statements.

SOUTH COAST AIR QUALITY MANAGEMENT DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2020

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. The Financial Reporting Entity

The South Coast Air Quality Management District (South Coast AQMD) was established pursuant to the Lewis Air Quality Management Act on February 1, 1977, commencing at Section 40400 of the Health and Safety Code of the State of California. South Coast AQMD encompasses all of Orange County and parts of Los Angeles, San Bernardino, and Riverside Counties. South Coast AQMD operates a network of air monitoring stations, analyzes air quality data and establishes maximum emission levels for stationary, commercial, and industrial facilities that are enforced through South Coast AQMD's permit system.

As defined by generally accepted accounting principles (GAAP) in the United States of America that are established by the Governmental Accounting Standards Board (GASB), the financial reporting entity consists of the primary government and its component units, which are legally separate organizations. The financial statements of South Coast AQMD are prepared in accordance with GAAP.

The accompanying financial statements present the financial activities of South Coast AQMD (primary government) and its blended component unit, South Coast Air Quality Management District Building Corporation (Corporation), an entity for which South Coast AQMD is considered to be financially accountable. Legally separate from South Coast AQMD and as a tax-exempt entity, the Corporation is reported as a governmental fund.

The Corporation was incorporated as a nonprofit corporation under the laws of the State of California on September 21, 1978. The purpose of the Corporation is to finance the acquisition and improvement of a building complex/headquarters of South Coast AQMD. South Coast AQMD Governing Board approves the appointment of the Corporation's Board of Directors. South Coast AQMD has had significant transactions with the Corporation for the construction and improvement of South Coast AQMD's headquarters facility. It is legally separate from South Coast AQMD and a tax-exempt entity under Section 501(c)(4) of the Internal Revenue Code.

Separate financial statements for the Corporation may be obtained from South Coast AQMD's Finance Office located at 21865 Copley Drive, Diamond Bar, California 91765.

SOUTH COAST AIR QUALITY MANAGEMENT DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2020

B. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The basic financial statements of South Coast AQMD are composed of the following:

- Government-wide financial statements
- Governmental fund financial statements
- Notes to the basic financial statements

Government-wide Financial Statements

The government-wide financial statements (Statement of Net Position and Statement of Activities) present summaries of governmental and business-type activities of South Coast AQMD as a whole, excluding fiduciary activities. These statements are presented using the economic resources measurement focus and the accrual basis of accounting. Accordingly, all of South Coast AQMD's assets and liabilities including capital assets and long-term liabilities are included in the accompanying Statement of Net Position. Revenues are recognized in the period in which they are earned while expenses are recognized in the period in which the liability is incurred, regardless of the timing of related cash flows.

Amounts paid to acquire capital assets are capitalized as assets in the government-wide financial statements rather than reporting them as expenditures. Proceeds of long-term debt are also recorded in the government-wide financial statements as a liability, rather than as another financing source. Amounts paid to reduce long-term indebtedness of the reporting government are reported as a reduction of the related liability, rather than as an expenditure.

The Statement of Activities demonstrates the degree to which the direct expenses of a given functional activity are offset by program revenues directly related to the functional activity. Direct expenses are those that are clearly identifiable with a specific functional activity.

The types of transactions reported as program revenues are reported in three categories: 1) fees and charges including stationary source fees from permitted facilities and mobile source fees from motor vehicle registrations; 2) operating grants and subventions that are in support of air pollution program activities; and 3) long-term emission reduction projects which include capital grants and contributions which are mostly restricted. Program expenses are subtracted from program revenues to present the net cost of each functional activity. Interest income and other miscellaneous items not properly included among program revenues are reported as general revenues.

SOUTH COAST AIR QUALITY MANAGEMENT DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2020

South Coast AQMD's functional activities are broken down into the following ten categories:

- Advance clean air technology
- Ensure compliance with clean air rules
- Customer service and business assistance
- Develop programs to achieve clean air
- Develop rules to achieve clean air
- Monitoring air quality
- Timely review of permits
- Policy support
- Interest on long-term debt, and
- Long-term emission reduction projects

When both restricted and unrestricted resources are available for use, it is South Coast AQMD's policy to use restricted resources first within the restricted activities, then use the unrestricted resources as they are needed.

Fund financial statements for the primary government's governmental and fiduciary funds are presented after the government-wide financial statements.

Governmental Fund Financial Statements

Governmental fund financial statements include a Balance Sheet and a Statement of Revenues, Expenditures, and Changes in Fund Balances for all major governmental funds and non-major funds aggregated. The funds designated as major funds are determined by a mathematical calculation consistent with GASB Statement No. 34.

South Coast AQMD has presented all major funds that met those qualifications. These major funds are Air Quality Investment Fund, GHG Reduction Projects Special Revenue Fund, Community Air Protection AB 134 Fund, and Carl Moyer Program (CMP) AB 923 Special Revenue Fund, in addition to the General Fund.

A reconciliation of the Fund Financial Statements to the Government-wide Financial Statements is provided to explain the differences as a result of the integrated approach of GASB Statement No. 34 reporting.

All governmental funds are accounted for on a spending or current financial resources measurement focus and the modified accrual basis of accounting. Accordingly, only current assets and current liabilities are generally included in the Balance Sheets. The Statement of Revenues, Expenditures, and Changes in Fund Balances presents increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in net current assets. Revenues are recognized in the accounting period in which they become

SOUTH COAST AIR QUALITY MANAGEMENT DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2020

measurable and available to finance expenditures of the current period. They are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, South Coast AQMD considers revenues to be available if they are collected generally within 90 days after year-end to be available to finance the expenditures accrued for the reporting period. The primary revenue sources which have been treated as susceptible to accrual by South Coast AQMD are as follows: emissions flat fees, permit fees, air toxics “Hot Spots” fees, and source test/analysis fees from stationary sources; clean fuels revenues from stationary sources; federal and state grants under grants and subventions and interest under general revenues. All other revenue items are recorded when received in cash. Expenditures are recognized in the accounting period in which the related fund liability is incurred, if measurable, except for debt service expenditures, as well as expenditures related to compensated absences, which are recognized when payment is due.

Amounts expended to acquire capital assets are recorded as capital outlay expenditures in the year that resources were expended rather than recording them as fund assets. The proceeds of long-term debt are recorded as other financing sources rather than as fund liability. Amounts paid to reduce long-term indebtedness are reported as debt service expenditures.

Fiduciary Fund Financial Statements

Fiduciary Fund financial statements include a Statement of Fiduciary Net Position and Statement of Changes in Fiduciary Net Position. These funds represent agency funds which are custodial in nature (assets equal liabilities) and do not involve the recording of revenues and expenses or the measurement of results of operations. The reporting focus is upon net position and changes in net position. Fiduciary funds also include the Retirement Benefits Trust Fund for LACERA OPEB (see fund type in Note 1C). These funds are accounted for in the accrual basis of accounting.

C. Fund Types and Major Funds

As noted earlier, the funds designated as major funds are determined in accordance with GASB Statement No. 34.

South Coast AQMD reports the following major governmental funds:

General Fund – This is the primary operating fund of South Coast AQMD and is used to record transactions relating to its general business operations. It is also used to account for all revenues and expenditures that are not required to be accounted for in another fund.

SOUTH COAST AIR QUALITY MANAGEMENT DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2020

Special Revenue Funds – These funds are used to record transactions applicable to specific revenue sources that are legally restricted to expenditures for specific purposes. The following are South Coast AQMD’s major special revenue funds:

- Air Quality Investment Fund – To account for revenue from employers with 250 or more employees at a worksite who are subject to Rule 2202. This revenue is used to purchase emissions reductions credits to meet the required target. To date, \$47.9 million in projects have been awarded to purchase over 34,071 tons of emission reductions. Starting April 2017, this fund was used to process rebates for South Coast AQMD’s Residential Electric Lawn Mower Rebate Program. By the end of 2019, \$279,404 rebates were processed. As of June 30, 2020, a total of 1,608 lawn mowers were exchanged with total emission reductions of 3.02 tons and \$333,151 total fund spent.
 - RECLAIM AQIP – Established in fiscal year 2001 to separately account for the generation of NOx (Oxides of Nitrogen) credits at stationary and mobile sources for use by certain small or new RECLAIM (Regional Clean Air Incentives Market) participants. AQIP stands for Air Quality Investment Program.
 - RECLAIM and Executive Order Mitigation – Established in fiscal year 2001 to account for mitigation fee payments made by power generators in lieu of emission offsets. Proceeds are used to generate RECLAIM Trading Credits (RTCs) to offset excess emissions.
 - Rule 1121 Mitigation Fee Program – Established in fiscal year 2004 to issue program announcements for projects under the Rule 1121 Mitigation Fee Program. Under Rule 1121 - Control of Nitrogen Oxides (NOx) from Residential Type, Natural Gas Fired Water Heaters, emission mitigation fees are collected from water heater manufacturers to fund stationary and mobile source emission reduction projects targeted at offsetting NOx emission.
- Green House Gas (GHG) Reduction Projects Special Revenue Fund – Established in fiscal year 2016 to account for the projects funded by CARB’s Low Carbon Transportation Green House Gas Reduction Fund Investments.
- Community Air Protection AB 134 Fund – Established in fiscal year 2018 to recognize the first allocation of AB 617 Community Air Protection incentive funds (AB 134 revenue) from CARB. This fund will also be used to recognize additional Community Air Protection incentive funds awarded and received by CARB. These funds are intended to implement projects that are identified in approved 617 Community Emissions Reduction Plans and in other communities that are disproportionately impacted by air pollution. Requirements for expenditure of these funds will be specified in the grant agreements provided by CARB.

SOUTH COAST AIR QUALITY MANAGEMENT DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2020

- Carl Moyer Program (CMP) AB 923 Fund - Established in fiscal year 2008 to provide additional funding for the Carl Moyer Program from an adjustment to the tire fee and authorizes local air districts to increase motor vehicle registration fees by up to \$2 for programs to reduce air pollution. AB 923 has expanded the Carl Moyer incentive program to include agricultural sources of air pollution as well as buses, cars and on and off-road equipment. The program targets reductions in nitrogen oxide, hydrocarbon, and particulate matter emissions. About \$4 million per year in AB 923 funds are used to fund projects as match requirement to the Carl Moyer Program.

South Coast AQMD reports the following fiduciary fund types:

- Agency Funds - Used to account for funds due to others that are not accounted for in the other funds and acts as a temporary custodian.
 - 1) Accounting Agency Fund - Used to account for unidentified payments that require additional research before final disposition.
 - 2) 457 Plan Administration Revenue Sharing Fund - Used to account for funds that, the 457 plan administrator, transfers to South Coast AQMD as part of a revenue-sharing agreement. After applicable expenses are paid, residual funds are returned to the 457 plan administrator to be distributed among participants based on an approved formula.
- Retirement Benefit Trust Fund - Used to account for resources to be transferred to Los Angeles County Employees Retirement Association (LACERA) defined benefit Other Post Employment Benefit (OPEB) irrevocable trust. Note X contains more information about South Coast AQMD's OPEB plans.

D. Assets, Liabilities and Deferred Outflows/Inflows of Resources, and Net Position/Fund Balance

1. Cash, Pooled Cash, and Investments

Cash includes amounts to conduct daily operations of South Coast AQMD in demand deposits with the Los Angeles County Treasurer and various financial institutions. South Coast AQMD deposits virtually all of its cash with the Treasurer of the County of Los Angeles. South Coast AQMD's deposits, along with funds from other local agencies such as the county government, other school districts, and special districts, make up a pool, which the County Treasurer manages for investment purposes. Earnings from the pooled investments are allocated to participating funds based on average investments in the pool during the allocation period.

All South Coast AQMD-directed investments are to diversify South Coast AQMD's investments and are in compliance with South Coast AQMD's investment policy and

SOUTH COAST AIR QUALITY MANAGEMENT DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2020

Los Angeles County Treasury investment guidelines. The guidelines limit specific investments to United States Agency securities. The South Coast AQMD securities portfolio is held by the County Treasurer. Interest earned on investments is recorded as revenue of the fund from which the investment was made. All South Coast AQMD investments are stated at fair value based on quoted market prices.

2. Capital Assets and Depreciation

Under GASB Statement No. 34, all capital assets, whether owned by governmental activities or business-type activities are recorded and depreciated in the government-wide financial statements. No long-term capital assets or depreciation are shown in the governmental funds financial statements.

Capital assets, which include land, equipment, vehicles, furniture, buildings and improvements, software and other intangible assets are reported at cost unless obtained by donation in which case the assets are recorded at the acquisition value at the date of receipt. Capital asset purchases with values of at least \$5,000 and with an expected useful life of three years or more are capitalized.

The costs of normal maintenance and repairs that do not add to the value of the capital asset or materially extend capital assets lives are not capitalized. Major improvements are capitalized and depreciated over the remaining useful lives of the related capital assets. Assets disposed of or no longer required for its existing use are removed from the records at actual or estimated cost.

Depreciation is charged as an expense against operations, and accumulated depreciation is reported on the respective balance sheet. Property, plant, equipment, vehicles and furniture of South Coast AQMD are depreciated using the straight-line method over the following useful lives:

<u>Assets</u>	<u>Years</u>
Buildings and Improvements	15-30
Equipment, vehicles and furniture	5-7
Software and Systems	3-5

3. Inventories

Inventories as determined by annual physical counts are valued at cost using the first-in/first-out (FIFO) method. They consist principally of office, computer, cleaning and laboratory supplies. The cost is recorded as an expense as inventory items are consumed.

SOUTH COAST AIR QUALITY MANAGEMENT DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2020

4. Compensated Absences

Regular full-time employees accumulate earned but unused vacation time, sick leave, compensatory time, and other leave time. Certain restrictions apply with respect to the accumulation of leave time and its payment at termination. All vacation, sick leave, compensatory time, and other leave time are accrued when incurred in the government-wide financial statements. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of employee resignation and retirement.

5. Self-Insurance

South Coast AQMD is self-insured for general, automobile, and workers' compensation liabilities (See note VIII).

6. Long-term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the statement of net position. Bond premiums and discounts, are deferred and amortized over the life of the bonds using the straight-line method. Bonds payable are reported net of applicable bond premium or discount.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

7. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then.

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time.

8. Pensions

For purposes of measuring the net pension liability, deferred outflows of resources, deferred inflows of resources, and pension expense related to pensions, information

SOUTH COAST AIR QUALITY MANAGEMENT DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2020

about the fiduciary net position of the San Bernardino County Employees' Retirement Association (SBCERA) and Los Angeles County Employees' Retirement Association (LACERA) and additions to/deductions from SBCERA's fiduciary net position have been determined on the same basis as they are reported by SBCERA and LACERA. For this purpose, employer and employee contributions are recognized in the period the related salaries are earned and become measurable pursuant to formal commitments, statutory or contractual requirements, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms, and investments are reported at fair value.

9. Other Postemployment Benefits (OPEB)

For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the LACERA's plan (OPEB Plan) and additions to/deductions from the OPEB Plan's fiduciary net position have been determined on the same basis. For this purpose, benefit payments are recognized when currently due and payable in accordance with the benefit terms. Investments are reported at fair value, which are derived from quoted market prices.

10. Net Position and Fund Balance Classifications

Net position represents the difference between assets and deferred outflow of resources, and liabilities and deferred inflow of resources on the government-wide financial statements. Net position is classified in the following categories:

Net Investment in Capital Assets

This category groups all capital assets, including infrastructure and intangibles, into one component of net position. Accumulated depreciation and the outstanding balances of debt that are attributable to the acquisition, construction or improvement of these assets reduce this category.

Restricted Net Position

This category presents external restrictions imposed by creditors, grantors, contributors or laws or regulations of other governments and restrictions imposed by law through constitutional provisions enabling legislation.

Unrestricted Net Position

This category represents the residual net position of South Coast AQMD in excess of what can properly be classified in one of the other two categories mentioned above.

SOUTH COAST AIR QUALITY MANAGEMENT DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2020

Fund Balance Classifications

The governmental fund financial statements present fund balances based on classifications that comprise hierarchy that is based primarily on the extent to which South Coast AQMD is bound to honor constraints on the specific purposes for which amounts can be spent.

The fund balance classifications used in the governmental fund financial statements are as follows:

Nonspendable – amounts that cannot be spent either because they are not in spendable form or because they are legally or contractually required to be maintained intact.

Restricted – amounts that can be spent only for specific purposes because of constitutional provisions or enabling legislation or because of constraints that are externally imposed by creditors, grantors, contributors, or the laws or regulations of other governments.

Committed – amounts that can be spent only for specific purposes determined by a formal action of the government's highest level of decision-making authority. The Governing Board, as the highest level of decision-making authority, has the ability to commit fund balances through the adoption of a resolution. These committed amounts cannot be used for any other purpose unless the Governing Board removes or modifies the use through the adoption of a subsequent resolution.

Assigned – amounts that do not meet the criteria to be classified as restricted or committed but that are intended to be used for specific purposes. South Coast AQMD's adopted policy requires the Board to assign amounts to specific purposes.

Unassigned – this classification includes the residual fund balance for the General Fund. It also includes the negative residual fund balance of any other governmental fund that cannot be eliminated by offsetting assigned fund balance amounts.

When both restricted and unrestricted resources are available for use, it is South Coast AQMD's policy to use restricted resources first and then unrestricted resources as they are needed. When using unrestricted fund balance amounts, South Coast AQMD's Governing Board approved policy is to use committed amounts first, followed by assigned and then unassigned.

**SOUTH COAST AIR QUALITY MANAGEMENT DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2020**

E. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the revenues and expenses during the reporting period. Actual results could differ from those estimates.

F. Adoption of New GASB Pronouncements

GASB Statement No. 95, Postponement of the Effective Dates of Certain Authoritative Guidance

GASB issued this Statement in May 2020. The objective of this Statement is to provide temporary relief to governments and other stakeholders in light of the COVID-19 pandemic. The effective dates of certain provisions contained in the pronouncements are postponed by one year: Statement No. 83 - Certain Asset Retirement Obligations, Statement No. 84 - Fiduciary Activities, Statement No. 88 - Certain Disclosures Related to Debt, including Direct Borrowings and Direct Placements, Statement No. 89 - Accounting for Interest Cost Incurred before the End of a Construction Period, Statement No. 90 - Majority Equity Interests, Statement No. 91 - Conduit Debt Obligations, Statement No. 92 - Omnibus 2020, Statement No. 93 - Replacement of Interbank Offered Rates, Implementation Guide No. 2017-3 - Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions (and Certain Issues Related to OPEB Plan Reporting), Implementation Guide No. 2018-1 - Implementation Guidance Update 2018, Implementation Guide No. 2019-1 - Implementation Guidance Update 2019, and Implementation Guide No. 2019-2 - Fiduciary Activities. The effective dates of the following pronouncements are postponed by 18 months: Statement No. 87 - Leases, and Implementation Guide No. 2019-3 - Leases. South Coast AQMD adopted this statement in fiscal year 2020.

II. CASH, POOLED CASH AND INVESTMENTS

The following is a summary of the cash, pooled cash, and investments for the primary government (including fiduciary funds) at June 30, 2020:

	Primary Government
Cash on hand	\$ 590,292
Cash in bank	501,014
Pooled cash	976,512,729
Cash, pooled cash, and investments	<u>\$ 977,604,035</u>

SOUTH COAST AIR QUALITY MANAGEMENT DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2020

CASH

At June 30, 2020, the carrying amount of South Coast AQMD's bank deposits was \$501,014 and the bank balance was \$512,516. The amount covered and insured by Federal Deposit Insurance Corporation (FDIC) was up to \$250,000. The bank deposits and the bank balance exceeds FDIC by \$251,014 and \$262,516, respectively. Management believes that South Coast AQMD is not exposed to any significant credit risk related to cash in bank. Cash on hand consists of cash and checks not deposited as of June 30, 2020.

POOLED CASH

South Coast AQMD's pooled cash and investments are held in the Los Angeles County Pooled Surplus Investment Fund Portfolio (PSI), the Los Angeles County Specific Purpose Investment Portfolio (SPI), and the State of California Local Agency Investment Fund (LAIF). Pooled cash and investments are held in accordance with California Government Code, South Coast AQMD Investment Policy, Los Angeles County Treasurer Investment Policy and LAIF Policies, Goals, and Objectives.

Los Angeles County Pooled Surplus Investment Fund Portfolio (PSI)

South Coast AQMD is a voluntary participant in the Los Angeles County Pooled Surplus Investment Fund Portfolio (PSI), an external investment pool managed by the Los Angeles County Treasurer who reports on a monthly basis to its Board of Supervisors. Its Treasury Oversight Committee reviews and monitors its investment policy. The investment policy is governed by applicable California Government Code. Investments held are stated at fair value. The fair value of pooled cash is determined monthly and is based on current market prices.

State of California Local Agency Investment Fund (LAIF)

South Coast AQMD is a voluntary participant in the State of California Local Agency Investment Fund (LAIF), an external investment pool that is regulated by California Government Code Section 16429 under the oversight of the Treasurer of the State of California.

LAIF is part of the Pooled Money Investment Account (PMIA) and has oversight provided by the Pooled Money Investment Board (PMIB) and an in-house Investment Committee. The PMIB Board members are the State Treasurer, Director of Finance and the State Controller. Additionally, LAIF has oversight by the Local Investment Advisory Board, which consists of five members, as designated by statute. The Chairman is the State Treasurer, who appoints the other four members to two-year terms.

The fair value of South Coast AQMD's investment in this pool is reported in the accompanying financial statements at amounts based upon South Coast AQMD's pro-

**SOUTH COAST AIR QUALITY MANAGEMENT DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2020**

rata share of the fair value provided by LAIF for the entire LAIF portfolio (in relation to the amortized cost of that portfolio). The balance available for withdrawal is based on the accounting records of LAIF, which are recorded on an amortized cost basis.

The following table summarizes South Coast AQMD's cash and pooled cash and maturities at June 30, 2020:

	Fair Value	Investment Maturities		
		<1 Year	1-2 Years	2-3 Years
Cash:				
On hand	\$ 590,292	\$ -	\$ -	\$ -
In bank	501,014	-	-	-

Local Agency				
Investment Fund (LAIF)	<u>39,645,185</u>	<u>39,645,185</u>	<u>-</u>	<u>-</u>
Total pooled cash	<u>976,512,729</u>	<u>680,556,272</u>	<u>295,956,457</u>	<u>-</u>
Total cash and pooled cash investments	\$ <u>977,604,035</u>	\$ <u>680,556,272</u>	\$ <u>295,956,457</u>	\$ <u>-</u>

INVESTMENTS

South Coast AQMD categorized its fair value measurement within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the assets. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 is significant unobservable inputs.

Interest Rate Risk

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment is, the greater the sensitivity of its fair value to changes in interest rates. As a means of limiting its exposure to declines in fair value, the South Coast AQMD Investment Policy limits its investment portfolio of SPI with the County of Los Angeles to maturities of less than five years at time of purchase and the weighted average maturity of the SPI portfolio may not exceed three years.

Credit Risk

Credit risk is the risk of default or the inability of an issuer of an investment to fulfill its obligation to the holder of the investment. South Coast AQMD mitigates its credit risk in the SPI portfolio generally by following its three primary investment objectives, in order of safety, liquidity, and yield. South Coast AQMD's Investment Policy further requires only permitted investments with specific credit quality requirements.

SOUTH COAST AIR QUALITY MANAGEMENT DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2020

The Los Angeles County PSI the State of California LAIF, and the United States Treasury Securities are both unrated as to credit quality.

Concentration of Credit Risk

Concentration of credit risk is the risk of loss attributed to the magnitude of a investments in a single issuer. South Coast AQMD's Investment Policy mitigates concentration of credit risk through diversification requirements so that no one type of issuer or issue will have a disproportionate impact on the portfolio.

Custodial Credit Risk

Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, South Coast AQMD will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. Custodial credit risk for investments is the risk that South Coast AQMD will not be able to recover the value of its investment securities that are in the possession of an outside party. South Coast AQMD's deposits are fully insured by the FDIC, pooled cash with the Los Angeles County PSI and the State of California LAIF are not subject to custodial credit risk.

June 30, 2020**

1995 Pension Obligation Bonds

On December 1, 1995, South Coast AQMD, jointly with the County of San Bernardino, issued bonds to retire the Unfunded Actuarial Accrued Liability (UAAL) due to San Bernardino County Employees' Retirement Association (SBCERA). South Coast AQMD issued a \$34,261,896 aggregate principal amount to refund its portion of the obligation to SBCERA. The interest rates range from 5.68% to 7.72% with maturity date of August 1, 2021. The purpose of this refunding was to lower the cost to South Coast AQMD through the issuance of bonds at rates that are lower than those assessed by SBCERA and to restructure its debt service from an ascending to a level-debt-service schedule. At the time of refunding these changes were expected to result in estimated total gross debt service savings of \$20,151,420 through June 30, 2022. During the fiscal year ended June 30, 2020, \$511,640 in principal and \$2,553,360 in interest were paid on the bonds. The principal balance outstanding at June 30, 2020 amounted to \$917,324.

The annual payment requirements under the 1995 pension bond obligation are as follows:

Year Ending				
<u>June 30</u>		<u>Principal</u>		<u>Interest</u>
				<u>Total</u>
2021	\$	475,443	\$	2,589,557
2022		<u>441,881</u>		<u>2,623,119</u>
Total	\$	<u>917,324</u>	\$	<u>5,212,676</u>

Series 2004 Pension Obligation Bonds

On June 29, 2004, South Coast AQMD issued and sold taxable pension obligation bonds to retire the Unfunded Actuarial Accrued Liability (UAAL) due to the SBCERA. At the time of issuance, it was estimated that the issuance and sale of \$47,030,000 was expected to result in estimated total gross debt service savings of \$22.4 million through August 1, 2023.

The Series 2004 Pension Obligation Bonds are payable on a parity with the 1995 Pension Obligation Bonds. South Coast AQMD may, from time to time, enter into supplemental indentures without the consent of the Bond Owners of the 1995 Bonds or Series 2004 Bonds for the purpose of providing for the issuance of additional series of Pension Obligation Bonds or to refund any other evidences of indebtedness of South Coast AQMD arising pursuant to the Retirement Law. The interest rates range from 4.75% to 5.93% with maturity date of August 1, 2023. During the fiscal year ended June 30, 2020, \$3,175,000 in principal and \$950,622 in interest were paid on the bonds. The principal balance outstanding at June 30, 2020 amounted to \$14,720,000.

SOUTH COAST AIR QUALITY MANAGEMENT DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2020

The annual payment requirements under pension bond obligation, Series 2004, are as follows:

Year Ending				
<u>June 30</u>		<u>Principal</u>		<u>Interest</u>
2021	\$	3,365,000	\$	763,549
2022		3,565,000		563,242
2023		3,780,000		348,736
2024		<u>4,010,000</u>		<u>118,897</u>
Total	\$	<u>14,720,000</u>	\$	<u>1,794,424</u>

Allocation of Interest Expenses

Total interest expenses on long-term debt for the year ended June 30, 2020 amounted to \$3,463,254. These interest expenses on long-term debt are not meaningfully associated with individual functional activities. Hence, this is considered an indirect expense and should be reported in the Statement of Activities as a separate line.

VIII. RISK MANAGEMENT

South Coast AQMD's risk management program is responsible for purchasing insurance when prudent and cost-effective, self-insuring other exposures to loss when feasible.

South Coast AQMD carries \$200 million of all-risk property insurance, with limits of \$100 million on business interruption and \$25 million on earthquake and flood coverage. The limits of liability for general claims is \$10 million. This coverage is supplemented by excess liability policies for boilers & machinery to a limit of \$100 million, and bodily injury/property damage/public officials' errors and emissions/employment practices liability/personal injury to \$15 million. Self-insured retention levels for excess liability is \$250,000. South Coast AQMD maintains \$25 million excess workers' compensation insurance for losses over \$750,000. South Coast AQMD also maintains policies to protect against some criminal conduct and cyber-attacks.

As of June 30, 2020, \$73,000 and \$865,163, respectively, had been reserved for general liability claims and workers' compensation.

An appropriate amount has been recorded in the General Fund's financial statements to the extent that South Coast AQMD anticipates that these amounts will be paid from current resources. While the ultimate amount of losses incurred through June 30, 2020 is dependent on future development based upon information from the independent claims' administrator and others involved with the administration of the

**SOUTH COAST AIR QUALITY MANAGEMENT DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2020**

programs, South Coast AQMD management believes that the aggregate accrual is adequate to cover such losses.

No significant reduction in insurance coverage occurred during the last three fiscal years. Also, during this period, no claim settlement exceeded insurance coverage.

The following represents changes in the aggregate liabilities for claims of South Coast AQMD's general liability and workers' compensation for the years ended June 30, 2019 and 2020:

	General Liability	Workers' Compensation	Totals
Claims payable, July 1, 2018	\$ 135,000	\$ 960,000	\$ 1,095,000
Current year claims and changes in estimates	22,500	3,533,743	3,556,243
Claims payments	(115,000)	(3,131,234)	(3,246,234)
Claims payable, June 30, 2019	<u>\$ 42,500</u>	<u>\$ 1,362,509</u>	<u>\$ 1,405,009</u>
Claims payable, July 1, 2019	\$ 42,500	\$ 1,362,509	\$ 1,405,009
Current year claims and changes in estimates	81,914	2,147,306	2,229,220
Claims payments	(51,414)	(2,644,652)	(2,696,066)
Claims payable, June 30, 2020	<u>\$ 73,000</u>	<u>\$ 865,163</u>	<u>\$ 938,163</u>

IX. DEFINED BENEFIT PENSION PLANS

San Bernardino County Employees' Retirement Association

Plan description

South Coast AQMD participates in the San Bernardino County Employees' Retirement Association (SBCERA) pension plan - a cost-sharing multiple-employer defined benefit pension plan (the Plan). SBCERA administers the Plan which provides benefits for two membership classifications, General and Safety, and those benefits are tiered based upon date of SBCERA membership. South Coast AQMD only has general membership. Generally, those who become members prior to January 1, 2013 are Tier 1 members. All other members are Tier 2. An employee who is appointed to a regular position, whose service is greater than fifty percent of the full standard of hours required are members of SBCERA, and are provided with pension benefits pursuant to Plan requirements.

The Plan operates under the provisions of the California County Employees' Retirement Law of 1937 (CERL), the California Public Employees' Pension Reform Act of 2013 (PEPRA), and the regulations, procedures and policies adopted by

**SOUTH COAST AIR QUALITY MANAGEMENT DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2020**

SBCERA’s Board of Retirement (Board). The Plan’s authority to establish and amend the benefit terms are set by the CERL and PEPRA, and may be amended by the California state legislature and in some cases require approval by the County of San Bernardino Board of Supervisors and/or the SBCERA Board. SBCERA is a tax qualified plan under Section 401(a) of the Internal Revenue Code.

SBCERA is a legally separate entity from South Coast AQMD, not a component unit, and there is no financial interdependency with the County of San Bernardino. For these reasons, the South Coast AQMD’s comprehensive annual financial report excludes the SBCERA pension plan as of June 30, 2020. SBCERA publishes its own comprehensive annual financial report that includes its financial statements and required supplementary information, that can be obtained by writing SBCERA at, 348 W. Hospitality Lane, Third Floor, San Bernardino, CA 92415-0014 or visiting the website at: www.SBCERA.org.

Benefits Provided

SBCERA provides retirement, disability, death and survivor benefits. The CERL and PEPRA establish benefit terms. Retirement benefits are calculated on the basis of age, average final compensation and service credit as follows:

	General – Tier 1	General – Tier 2
Final Average Compensation	Highest 12 months	Highest 36 months
Normal Retirement Age	Age 55	Age 55
Early Retirement: Years of service required and/or age eligible for	Age 70 any years	Age 70 any years
	10 years age 50	5 years age 52
	30 years any age	N/A
Benefit percent per year of service for normal retirement age	At normal retirement age, 2% per year of final average compensation for every year of service credit	At age 67, 2.5% per year of final average compensation for every year of service credit
Benefit adjustments	Reduced before age 55, increased after 55 up to age 65	Reduced before age 67
Final Average Compensation Limitation	Internal Revenue Code section 401(a)(17)	Government Code section 7522.10

An automatic cost of living adjustment is provided to benefit recipients based on changes in the local region Consumer Price Index (CPI) up to a maximum of 2% per year. Any increase greater than 2% is banked and may be used in years where the CPI is less than 2%. There is a one-time 7% increase at retirement for members hired before August 19, 1975. The Plan also provides disability and death benefits to eligible members and their beneficiaries, respectively. For retired members, the death benefit is determined by the retirement benefit option chosen. For all other members, the beneficiary is entitled to benefits based on the members years of service or if the death was caused by employment. General members are also eligible for survivor benefits which are payable upon a member’s death.

**SOUTH COAST AIR QUALITY MANAGEMENT DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2020**

Contributions

Participating employers and active members are required by statute to contribute a percentage of covered salary to the Plan. This requirement is pursuant to Government Code sections 31453.5 and 31454, for participating employers and Government Code sections 31621.6, 31639.25 and 7522.30 for active members. The contribution requirements are established and may be amended by the SBCERA Board pursuant to Article 1 of the CERL, which is consistent with the Plan’s actuarial funding policy. The contribution rates are adopted yearly, based on an annual actuarial valuation, conducted by an independent actuary, that considers mortality, service (including age at entry into the Plan, if applicable, and tier), and compensation experience of the members and beneficiaries, and also includes an evaluation of the Plan’s assets and liabilities. Participating employers may pay a portion of the active members’ contributions through negotiations and bargaining agreements.

Employee contribution rates for the fiscal year ended June 30, 2020 ranged between 9.14% and 15.53% for Tier 1 General members, 30 year General member are not required to pay any employee contribution. For Tier 2 General members, the contribution is 8.18%.

Employer contribution rates for the year ended June 30, 2020 are as follows:

	Employer Contribution Rates	
	Tier 1 Members	Tier 2 Members
Actuarially Determined Required Contribution Percentages	Total	Total
South Coast AQMD members	42.31%	38.04%

The required employer contributions and the amount paid to SBCERA by the South Coast AQMD for the year ended June 30, 2020 were \$33,202,615. The South Coast AQMD’s employer contributions were equal to the required employer contributions for the year ended June 30, 2020.

**SOUTH COAST AIR QUALITY MANAGEMENT DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2020**

Pension Liability

At June 30, 2020, South Coast AQMD reported a net pension liability of \$233,891,405 for its proportionate share of the SBCERA's net pension liability. The net pension liability was measured as of June 30, 2019, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2019. The SBCERA's publicly available financial report provides details on the change in the net pension liability.

The South Coast AQMD's proportion of the net pension liability was based on the South Coast AQMD's contributions received by SBCERA during the measurement period for employer payroll paid dates from July 1, 2018 through June 30, 2019, relative to the total employer contributions received from all of SBCERA's participating employers. At June 30, 2020, the South Coast AQMD's proportion was 8.625%, which was an increase of 0.012% from its proportion measured as of June 30, 2018.

Pension Expense and Deferred Outflows/Inflows of Resources

For the fiscal year ended June 30, 2020, the South Coast AQMD recognized pension expense of \$46,248,985 for its proportionate share of SBCERA's pension expense. At June 30, 2020, the South Coast AQMD reported its proportionate share of deferred outflows of resources and deferred inflows of resources related to pensions, from the following sources:

	Deferred Outflows of Resources*	Deferred Inflows of Resources*
Changes in proportion and differences between South Coast AQMD contributions and proportionate share of contributions	\$ 7,849,977	\$ 10,457,791
Changes in actuarial assumptions	30,546,994	-
Net difference between projected and actual earnings on pension plan investments	4,656,819	-
Differences between expected and actual experience	3,120,192	7,520,398
South Coast AQMD contributions paid to SBCERA subsequent to the measurement date	33,202,615	-
Total	\$ 79,376,597	\$ 17,978,189

*See note VI for summary

**SOUTH COAST AIR QUALITY MANAGEMENT DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2020**

The \$33,202,615 reported as deferred outflows of resources related to pensions resulting from South Coast AQMD's contributions made to SBCERA subsequent to the measurement date but before the reporting period ended June 30, 2020. The contribution will be recognized as a reduction of the net pension liability in the subsequent fiscal year ended June 30, 2021. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to SBCERA pensions will be recognized in pension expense as follows:

Year ended June 30:	
2021	13,503,294
2022	589,266
2023	9,442,810
2024	5,502,386
2025	(805,762)
Thereafter	(36,201)

Actuarial Assumptions and Methods

The significant actuarial assumptions and methods used to measure the total pension liability are as follows:

Actuarial valuation date	June 30, 2019
Actuarial experience study	3-year period ending June 30, 2016
Actuarial cost method	Entry age actuarial cost method
Actuarial assumptions:	
Investment rate of return ⁽¹⁾	7.25%
Inflation	3.00%
Projected Salary increases ⁽²⁾	General: 4.5% to 14.50%
Cost of living adjustments	Contingent upon consumer price index with a 2.00% maximum
Administrative Expenses	0.70% of payroll

⁽¹⁾ Includes inflation at 3.00% and is net of pension investment expenses.

⁽²⁾ Includes inflation at 3.00% plus real across-the-board salary increase of 0.50% plus merit and promotional increases.

The actuarial assumptions used in the June 30, 2019 valuation were based on the results of an actuarial experience study for the three year period of July 1, 2013 – June 30, 2016. Same assumptions are used in the June 30, 2019 and 2018 actuarial valuation.

For General employees, mortality rate is based on the Headcount-Weighted RP 2014 Healthy Annuitant Mortality Table set forward one year for males, projected generationally with the two-dimensional mortality MP-2016 projection scale.

**SOUTH COAST AIR QUALITY MANAGEMENT DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2020**

Long-term Expected Rate of Return

The long-term expected rate of return on pension plan investments is 7.25%. SBCERA's actuary prepares an analysis of the long-term expected rate of return on a triennial basis using a building-block method in which expected future real rates of return (expected returns, net of inflation) are developed for each major asset class. These returns are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage, adding expected inflation and subtracting expected investment expenses and a risk margin. The target allocations (approved by the SBCERA Board) and projected arithmetic real rates of return for each major asset class, after deducting inflation, but before deducting investment expenses, used in the derivation of the long-term expected investment rate of return assumptions are summarized in the following table:

SBCERA's Long-Term Expected Real Rate of Return

		As of June 30, 2019 Valuation Date	
Asset Class	Investment Classification	Target Allocation(1)	Long-Term Expected Real Rate of Return (Arithmetic)
Large Cap U.S. Equity	Domestic Common and Preferred Stock	8.00%	5.61%
Small Cap U.S. Equity	Domestic Common and Preferred Stock	2.00%	6.37%
Developed International Equity	Foreign Common and Preferred Stock	6.00%	6.96%
Emerging Market Equity	Foreign Common and Preferred Stock	6.00%	9.28%
U.S. Core Fixed Income	U.S. Government and Agency/Corporate Bonds	2.00%	1.06%
High Yield/Credit Strategies	Domestic Bonds/Foreign Bonds	13.00%	3.65%
Global Core Fixed Income	Foreign Bonds	1.00%	0.07%
Emerging Market Debt	Emerging Market Debt	6.00%	3.85%
Real Estate	Real Estate	9.00%	4.37%
International Credit	Foreign Alternatives	11.00%	6.75%
Absolute Return	Domestic Alternatives/Foreign Alternatives	13.00%	3.56%
Real Assets	Domestic Alternatives/Foreign Alternatives	5.00%	6.35%
Private Equity	Domestic Alternatives/Foreign Alternative	16.00%	8.47%
Cash & Equivalents	Short-Term Cash Investment Funds	2.00%	(0.17)%
Total		<u>100.00%</u>	

(1) For actuarial purposes, target allocations only change once every three years based on the triennial actuarial experience study.

**SOUTH COAST AIR QUALITY MANAGEMENT DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2020**

Discount Rate

The discount rate used to measure the total pension liability was 7.25%. The projection of cash flows used to determine the discount rate assumed that employee and employer contributions will be made based on the actuarially determined rates based on the SBCERA Board's funding policy, which establishes the contractually required rate based on statute. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity Analysis

The following table presents the South Coast AQMD's proportionate share of the net pension liability calculated using the discount rate of 7.25%, as well as what the South Coast AQMD's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.25%) or 1-percentage-point higher (8.25%) than the current rate.

**Sensitivity of Net Pension Liability to Changes in the Discount Rate
As of June 30, 2020**

	1% Decrease (6.25%)	Current Discount Rate (7.25%)	1% Increase (8.25%)
South Coast AQMD's proportionate share of the net pension liability	\$363,132,883	\$233,891,405	\$127,933,967

Pension Plan Fiduciary Net Position

Detailed information about the SBCERA's fiduciary net position is available in a separately issued SBCERA comprehensive annual financial report. That report may be obtained on the Internet at www.SBCERA.org; by writing to SBCERA at 348 W. Hospitality Lane, Third Floor, San Bernardino, CA 92415; or by calling (909) 885-7980 or (877) 722-3721.

Payables to the Pension Plan

The amount payable to SBCERA at June 30, 2020 for the legally required contribution is \$3,401,100.

Los Angeles County Employees' Retirement Association

Plan Description

South Coast AQMD participates in the Los Angeles County Employees Retirement Association Pension Plan (the plan). (LACERA operates as a cost-sharing multiple-employer defined benefit plan.) As of June 30, 2020, South Coast AQMD had no active members in this plan. For South Coast AQMD, LACERA is a closed plan which means no new members will be added to the plan. The Los Angeles County Employees' Retirement Association (LACERA) was established on January 1, 1938. It is governed by the California Constitution; the County Employees Retirement Law of 1937 (CERL); and the regulations, procedures, and policies adopted by LACERA's Board of Retirement and Board of Investments. The Los Angeles County (County) Board of Supervisors may also adopt resolutions, as permitted by CERL, which may affect the benefits of LACERA members.

Benefits Provided

Vesting occurs when a member accumulates five years' creditable service under contributory plans or accumulates 10 years of creditable service under the general service non-contributory plan. Benefits are based upon 12 or 36 months' average compensation, depending on the plan, as well as age at retirement and length of service as of the retirement date, according to applicable statutory formula. Vested members who terminate employment before retirement age are considered terminated vested (deferred) members. Service-connected disability benefits may be granted regardless of length of service consideration. Five years of service are required for nonservice-connected disability eligibility according to applicable statutory formula. Members of the non-contributory plan, who are covered under separate long-term disability provisions not administered by LACERA, are not eligible for disability benefits provided by LACERA.

Contributions

Members and employers contribute to LACERA based on rates recommended by an independent consulting actuary and adopted by the Board of Investments and the Los Angeles County Board of Supervisors. Contributory plan members are required to contribute between approximately 5 percent and 13 percent of their annual covered salary. Member and employer contributions received from the outside districts are considered part of LACERA's pension plan as a whole.

Participating employers are required to contribute the remaining amounts necessary to finance the coverage of their employees (members) through monthly or annual prefunded contributions at actuarially determined rates. Rates for the contributory plan tiers for members who entered the Plan prior to January 1, 2013 are based upon age at entry to the Plan and plan type enrollment.

SOUTH COAST AIR QUALITY MANAGEMENT DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2020

Net Pension Liability

At June 30, 2020, the proportionate share of South Coast AQMD's Net Pension Liability was 0% and the amount payable to LACERA for the legally required contribution amount is \$0.

Pension Expense and Deferred Outflows/Inflows of Resources

For the fiscal year ended June 30, 2020, South Coast AQMD recognized pension expense of \$33,000 for its proportionate share of LACERA's pension expense. At June 30, 2020, South Coast AQMD reported zero balances for the proportionate share of deferred outflows of resources and deferred inflows of resources related to pensions.

Pension Plan Fiduciary Net Position

Detailed information about the LACERA's fiduciary net position is available in a separately issued LACERA comprehensive annual financial report. That report may be obtained on the Internet at www.LACERA.com; by writing to LACERA at 300 N. Lake Avenue, Suite 650, Pasadena, CA 91101; or by calling (626) 564-6000.

X. OTHER POST EMPLOYMENT BENEFITS (OPEB)

Plan Description

SBCERA does not provide any post-employment benefits to South Coast AQMD retirees. LACERA, however, in addition to providing pension benefits, essentially provides a comprehensive health care benefits program to its retirees that include several medical, dental, vision, and death benefits. LACERA administers the defined benefit Other Post-Employment Benefits (OPEB) on behalf of Los Angeles County and its participating agencies. South Coast AQMD is one of the participating agencies. Prior to fiscal year 2019-20, the OPEB was under a cost sharing multiple-employer structure. Starting in fiscal year 2019-20, the OPEB was changed to an agent plan structure. This is the inaugural year of the GASB 75 disclosure report under an agent plan structure.

South Coast AQMD is subject under the April 20, 1982 agreement between the Los Angeles County and LACERA (County Agreement). In April 1982, the Los Angeles County adopted an ordinance pursuant to the County Employees Retirement Law of 1937 (CERL) that provided for a retiree health insurance program and death/burial benefits for retired employees and their eligible dependents. In 1982, the Los Angeles County and LACERA entered into an agreement whereby LACERA would administer the program subject to the terms and conditions of the agreement. In 1994, the Los Angeles County amended the agreement to continue to support LACERA's retiree insurance benefits program, regardless of the status of the active member insurance. In 2018, this agreement was further updated to specify the sharing of expenses between South Coast AQMD

SOUTH COAST AIR QUALITY MANAGEMENT DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2020

and LA County for South Coast AQMD retirees who also had LA County service credit.

LACERA is a closed plan to employees who were hired after December 31, 1979. Currently, there are 48 retirees covered by the benefit terms under the OPEB.

LACERA is a legally separate entity from South Coast AQMD, not a component unit, and there is no financial interdependency with the Los Angeles County. For these reasons, the South Coast AQMD's comprehensive annual financial report excludes the LACERA OPEB as of June 30, 2020. LACERA publishes its own comprehensive annual financial report that includes its financial statements and required supplementary information, which can be obtained by writing LACERA at 300 N. Lake, Pasadena, CA 91101 or visiting the website at: www.LACERA.com.

Benefits Provided

LACERA OPEB program offers members choice of medical plan as well as dental/vision plans. Medical and dental/vision are provided through third-party insurance carriers with the participant's cost for medical and dental/vision insurance varying according to the years of retirement service credit, the plan selected, and the number of persons covered. There is a one-time lump-sum \$5,000 death/burial benefit payable to the designated beneficiary upon the death of a retiree.

Contributions

South Coast AQMD and/or Los Angeles County and each retired employee participating in the OPEB contributes a portion of the total cost per month of the premium for the plan in which the retiree is enrolled according to the terms of the Retiree Health Care Program under the County Agreement. The portion of the premium to be paid by South Coast AQMD and/or the Los Angeles County is calculated based on the years of retirement service credit under the terms of the County Agreement, as they may change from time to time. LACERA subsidizes the retiree's cost starting at 10 years of service credit and up to a maximum of 100% for a member with 25 years of service credit with the County. LACERA, at its own discretion, may increase the premium to cover additional expenses.

Net OPEB Liability

The net OPEB liability was measured at \$3,627,000 as of June 30, 2020. South Coast AQMD's total OPEB liability was determined by an actuarial valuation as of the valuation date, calculated based on the discount rate and actuarial assumptions and was projected forward to the measurement date. The total OPEB liability is the same as the net OPEB liability since the fiduciary net position is zero.

NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2020**

OPEB Expense and Deferred Outflows/Inflows of Resources

For the fiscal year ended June 30, 2020, the South Coast AQMD recognized OPEB expense of \$353,900. As of June 30, 2020, South Coast AQMD's reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources*	Deferred Inflows of Resources*
Differences between projected and actual plan investment earnings	\$ -	\$ 5,000
Differences between expected and actual economic experience	-	138,000
Changes of assumptions	-	343,000
South Coast AQMD contributions paid to LACERA subsequent to the measurement date	240,984	-
Total	\$ 240,984	\$ 486,000

*See note VI for summary

The \$240,984 reported as deferred outflows of resources related to OPEB resulting from South Coast AQMD's contributions made to LACERA subsequent to the measurement date but before the reporting period ended June 30, 2020. The contribution will be recognized as a reduction of the net OPEB liability in the subsequent fiscal year ended June 30, 2021. Other amounts reported as deferred inflows of resources related to OPEB will be recognized in the OPEB expense as follows:

Year ended June 30:	
2020	\$ (74,000)
2021	(74,000)
2022	(73,000)
2023	(72,000)
2024	(72,000)
Thereafter	(121,000)

**SOUTH COAST AIR QUALITY MANAGEMENT DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2020**

Actuarial Assumptions and Methods

The significant actuarial assumptions and methods used to measure the total OPEB's liability are as follows:

Actuarial Valuation Date	June 30, 2018
Measurement Date	June 30, 2019
Actuarial Cost Method	Entry age normal, level percent of pay
Inflation	2.75%
Salary Increases	3.25%
Investment Rate of Return	3.50%

Mortality rates were based on the RP-2014 Healthy and Disabled Annuitant mortality tables and including projection for expected future mortality improvement using the MP-2014 Ultimate Projection Scale.

Healthcare Cost Trend Rates:

	FY 2018 to FY 2019	FY 2019 to FY 2020	Ultimate
LACERA Medical Under 65	5.80%	6.30%	4.50%
LACERA Medical Over 65	6.00%	6.00%	4.50%
Part B Premiums	9.25%	1.85%	4.35%
Dental/Vision	0.00%	3.00%	3.70%
Weighted-average Trend	5.85%	5.42%	4.47%

The OPEB liability figures include the Excise Tax. This is based on the requirements of the Affordable Care Act (ACA) and the Consolidated Appropriations Act of 2016.

The actuarial assumptions used in the June 30, 2019 valuation were based on the results of a 2016 actuarial retirement experience study and a 2018 actuarial OPEB experience study.

Discount Rate

The discount rate used to measure the net OPEB liability under the agent structure was 3.50%. The discount rate was determined from the 20-year tax-exempt municipal bond yield whereas the discount rate under the cost sharing structure of 5.11% was determined from the depletion date calculation of the combined liabilities and assets from all the cost sharing employers. The beginning balance of the net OPEB liability was changed from \$3,180,000 to \$3,623,000, and the impact on the net OPEB liability due to this change was \$443,000.

**SOUTH COAST AIR QUALITY MANAGEMENT DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2020**

Sensitivity of the South Coast AQMD’s Net OPEB Liability to Changes in the Discount Rate

The following presents the South Coast AQMD’s net OPEB liability as well as what the South Coast AQMD’s net OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (2.50%) or 1-percentage-point higher (4.50%) than the current rate:

	1% Decrease (2.50%)	Current Discount Rate (3.50%)	1% Increase (4.50%)
Net OPEB liability	\$4,046,000	\$3,627,000	\$3,279,000

Sensitivity of the South Coast AQMD’s Net OPEB Liability to Changes in Healthcare Cost Trend Rates

The following presents the South Coast AQMD’s net OPEB liability, calculated using the healthcare cost trend rates as reported on the July 1, 2018 OPEB Actuarial Valuation Health Cost Trend Assumptions with Excise Tax table, as well as what the net OPEB liability would be if it were calculated using the healthcare cost trend rates that are 1-percentage-point lower or 1-percentage-point higher than the current rates:

	1% Decrease	Current Healthcare Cost Trend Rates	1% Increase
Net OPEB liability	\$3,283,000	\$3,627,000	\$4,033,000

OPEB Plan Fiduciary Net Position

Detail information about the LACERA’s fiduciary net position is available in a separately issued LACERA comprehensive annual financial report. That report may be obtained on the internet at www.LACERA.com; by writing to LACERA at 300 N. Lake, Pasadena, CA 91101; or by calling (626) 564-6000.

Payable to the OPEB Plan

At June 30, 2020, the amount payable to LACERA for the legally required contribution is \$19,691.

XI. DEFERRED COMPENSATION PLAN

South Coast AQMD offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The plan permits them to defer a portion of their salary until future years. These funds are not available to employees until termination, retirement, death or unforeseen emergency.

SOUTH COAST AIR QUALITY MANAGEMENT DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2020

The deferred compensation plan monies are invested in various investment funds as selected by the participating employees. All amounts of compensation deferred under the plan and all income attributed to those amounts are held in trust for the exclusive benefit of plan participants and their beneficiaries.

Effective January 1, 1999, federal legislation requires the Section 457 plan assets to be placed in trust for the exclusive use of the plan participants and their beneficiaries. South Coast AQMD's deferred compensation administrator, Hartford Life Insurance Co., qualifies as the plan trustee to meet the federal requirements. In accordance with GASB Statement No. 32, South Coast AQMD no longer reports the plan assets and liabilities in its financial statements. As of June 30, 2020, investments with a fair value of \$189,214,629 are held in a trust.

XII. HEALTH REIMBURSEMENT ARRANGEMENT PLAN

On December 4, 2009, South Coast AQMD's Governing Board approved the establishment of a Health Reimbursement Arrangement (HRA) plan for South Coast AQMD employees. This allows active employees to save on a tax-free basis for their future post-retirement health care costs. The Hartford serves as South Coast AQMD's HRA service provider. Currently, both South Coast AQMD and the SBCERA do not offer a health reimbursement program nor post-retirement health care to help the employees afford health care in retirement.

Initially, the program was made available to non-represented employees with the understanding that it could be expanded to cover represented employees, based on their approval. In compliance with the rules establishing the HRA, each defined group covered by the plan is required to establish its own criteria on what earnings would be contributed. As of June 30, 2020, Executive Officer, General Counsel and Designated Deputies were the eligible employee classifications that were set up and approved by South Coast AQMD. Contributions are 100% vacation and sick leave payouts at termination and/or compensation payout at termination per existing leave payment policy. Eligibility shall commence upon termination of employment on account of retirement (whether through disability or service).

XIII. COMMITMENTS

Guaranteed Loans

The Air Quality Assistance Fund (AQAF) was originally established to comply with state legislation which required South Coast AQMD to allocate a portion of the funds it receives as penalties and settlements from violators of air pollution regulations and to provide financing assistance to small businesses that require financing in order to comply with South Coast AQMD requirements. This legislation was repealed on January 1, 1999. In June 2000, the Governing Board authorized staff to continue to use the funds to assist small businesses with an improved program for greater participation. Financing assistance includes

**SOUTH COAST AIR QUALITY MANAGEMENT DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2020**

guaranteeing or otherwise reducing the financial risks of lenders in providing financial assistance to small businesses. The funds are not used for direct loans to small businesses.

In June 2001, South Coast AQMD entered into an agreement with the California Pollution Control Financing Authority (CPCFA) to be an “independent contributor” to the California Capital Access Program (CalCAP). South Coast AQMD transferred \$100,000 to the CPCFA to cover borrower fees on any qualified small business CalCAP loans for air quality-related equipment or processes.

In October 2007, the Governing Board authorized the transfer of \$1 million to the Dry Cleaners Financial Incentives Grant Program to supplement the existing incentive grant programs. This incentive program assists dry cleaners in making early transitions from perchloroethylene (perc) to alternative cleaning technologies. AQAF’s fund balance amounted to \$1,676,976 at fiscal year ended June 30, 2020.

Operating Leases

Rental expense for non-cancelable operating leases was \$349,335 for the year ended June 30, 2020. Future minimum lease payments under non-cancelable operating leases of South Coast AQMD total as follows:

Year Ending	Amount
<u>June 30</u>	<u>Amount</u>
2021	\$ 316,001
2022	325,719
2023	335,796
2024	345,874
2025	355,951
Thereafter	<u>459,605</u>
Total	<u><u>\$2,138,946</u></u>

The lease for the office equipment expires in December 2021 while the lease of the South Bay satellite office expires in September 2026.

XIV. PENDING LITIGATION

A number of other lawsuits and claims are pending against South Coast AQMD for alleged damages to persons and property and for other alleged liabilities arising out of its normal operations. South Coast AQMD’s management believes that any liability that may arise from the ultimate resolution of such legal actions will not have a material adverse impact on the financial position as of June 30, 2020.

SOUTH COAST AIR QUALITY MANAGEMENT DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2020

XV. UNCERTAINTIES

In March 2020, the World Health Organization declared the outbreak of a novel coronavirus (COVID-19) as a global pandemic, which continues to spread throughout the United States and around the world. As a governmental agency, South Coast AQMD is deemed to be an essential business. Executive Officer has activated the Continuity of Operations Plan (COOP) and a large portion of the workforce are teleworking from home. South Coast AQMD is aware of changes in its business as a result of COVID-19. The extent to which the COVID-19 may impact South Coast AQMD's operating results, cash flows, and financial position will depend on future developments. The duration of any business disruption and related financial impact cannot be reasonably estimated at this time.

**SOUTH COAST AIR QUALITY MANAGEMENT DISTRICT
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION
June 30, 2020**

NOTE 1 – BUDGETS AND BUDGETARY ACCOUNTING

South Coast AQMD has a comprehensive annual budget process which establishes goals and objectives and monitors expenditures associated with meeting those goals and objectives.

Up to and including the budget adoption hearing by South Coast AQMD's Governing Board, the public and the business community have several opportunities to participate in the budget process. These opportunities include: Budget Advisory Committee meetings made up of business and environmental representatives, a public consultation, a Governing Board workshop and a public hearing.

Following input from the public, Budget Advisory Committee, and Governing Board, the draft budget for fiscal year 2019-20 was prepared and subsequently adopted at the May 2019 meeting of the Governing Board. The fiscal year 2019-20 Adopted Budget and the final fee schedules became effective on July 1, 2019.

South Coast AQMD's annual budget is adopted for the General Fund at the Major Object levels of Salaries and Employee Benefits, Services and Supplies, Capital Outlays, and Building Remodeling. The Governing Board has delegated expenditure authority to the Executive Officer for all budgeted expenditures of \$75,000 or less within a major object. All appropriations to the budget and transfers between major objects must be approved by the Governing Board. Transfers within a major object are delegated to the Executive Officer. Monthly expenditure reports are issued to each Office. The Governing Board receives a General Fund Budget status report on a quarterly basis.

South Coast AQMD presents a comparison of annual budget to actual results for the General Fund. The budgeted expenditure amounts represent the adopted budget adjusted for Governing Board approved supplemental appropriations. The budgeted revenue amounts represent the adopted budget modified for Governing Board approved adjustments which were based upon new or additional revenue sources. Supplemental expenditure appropriations of \$21,683,310 and revenue adjustments of \$15,142,453 were approved by the Governing Board in fiscal year 2019-20.

**SOUTH COAST AIR QUALITY MANAGEMENT DISTRICT
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION
June 30, 2020**

NOTE 2 – GENERAL FUND BUDGETARY BASIS RECONCILIATION

The General Fund Budgetary Basis under Required Supplementary Information presents comparisons of the legally adopted budget with actual data on a budgetary basis. Accounting principles applied for purposes of developing expenditures data on a budgetary basis differ from those used to present financial statements in conformity with Generally Accepted Accounting Principles (GAAP). The basis of budgeting that differs from GAAP is modified accrual basis plus encumbrances. The following is a reconciliation of differences for the fiscal year ended June 30, 2020:

Expenditures and encumbrances (budgetary basis) June 30, 2020	\$174,134,353
Add: payments on encumbrances open at July 1, 2019	6,211,229
Less: encumbrances open at June 30, 2020	<u>(7,515,270)</u>
Expenditures (GAAP basis), June 30, 2020	<u>\$172,830,312</u>

A reconciliation of revenue is not presented since budgetary practices and GAAP do not differ with respect to revenue.

NOTE 3 – USE OF BUDGETARY FUND BALANCE

When the fiscal year 2019-20 budget was adopted the Governing Board approved a budget that was balanced. Mid-year adjustments appropriated \$6,540,857 from Unassigned Fund Balance.

NOTE 4 – FACTORS AFFECTING PENSION TRENDS SOUTH COAST AQMD’S PROPORTION

As of the June 30, 2019 measurement date, South Coast AQMD’s proportionate share of SBCERA’s total net pension liability increased from 8.61% to 8.63%. The increase is primarily due to an increase in South Coast AQMD’s staffing levels and associated SBCERA-eligible compensation (“pensionable compensation” and “compensation earnable”) as compared against the net increase in total SBCERA-eligible compensation from all other SBCERA employers, resulting in an increase in proportionate share of net pension liability.

SOUTH COAST AIR QUALITY MANAGEMENT DISTRICT
OTHER SUPPLEMENTARY INFORMATION
June 30, 2020

Non-major Governmental Funds

Special Revenue Funds:

- Air Toxics Fund – Used to account for fees received from industrial toxic air emitters. These funds are spent on planning and performing health risk evaluations for the purpose of developing a toxic emissions inventory for the South Coast Air Basin.
- Advanced Technology, Outreach and Education Fund – Used to account for monies contributed by companies in lieu of paying fines for violating South Coast AQMD rules. Contributed amounts must be used to pay costs associated with South Coast AQMD-sponsored research and development in cleaner burning fuels and other advanced technologies and public outreach and education related to advanced technology and air pollution and its impacts.
- Air Quality Assistance Fund – Used to account for funds set aside for the purpose of underwriting, guaranteeing, or otherwise participating in the provision of financial assistance to small businesses as required by Section 40448.7 of the California Health and Safety Code. (This legislation was repealed by its own terms January 1, 1999). In June 2000, the Governing Board authorized staff to revise the program to increase participation of small businesses. Certain revisions, including participation in the California Capital Access Program (CalCAP) to assist small businesses, were implemented in June 2001.
- Air Quality Improvement Fund – Used to account for 40% of the revenue received by the South Coast AQMD from motor vehicle registration fees under the provisions of Sections 44243 and 44244 of the California Health and Safety Code. This money is distributed on a quarterly basis to cities and counties within the South Coast Air Basin to implement programs to reduce air pollution from motor vehicles.
- Mobile Sources Air Pollution Reduction Fund – Used to account for 30% of the revenue received by South Coast AQMD from the motor vehicle registration fees under the provisions of Sections 44243 and 44244 of the California Health and Safety Code. This money is used to provide grants to fund projects for the purpose of reducing air pollution from motor vehicles within the justification of the South Coast AQMD. Total projects to date amount to over \$451 million and over 14,250 tons of emissions reduced. This special fund was established in fiscal year 1992.
- Clean Fuels Program Fund – Established as a special revenue fund in fiscal year 2000 to account for contract activities and revenues of the Clean Fuels Program. These are activities associated with implementing Clean Fuels stationary source and mobile source research, development, demonstration and deployment projects approved by

SOUTH COAST AIR QUALITY MANAGEMENT DISTRICT
OTHER SUPPLEMENTARY INFORMATION
June 30, 2020

the Governing Board. Since 1988, the Clean Fuels Program has provided funds for 1,435 projects totaling \$234.5 million.

- Carl Moyer Program Fund – Established in fiscal year 1999 to account for activities related to the administration of state funds set aside for the replacement of diesel-powered vehicles with cleaner-technology vehicles. It has funded over 7,977 vehicles totaling over \$530 million. It provides incentive funds for the replacement or repower of older diesel engines in on- and off-road vehicles such as refuse haulers, heavy duty trucks, transit and school buses, construction equipment, and marine vessels.
- Lower-Emission School Bus Fund – Established in fiscal year 2001 to administer state funds set aside in the South Coast Air Basin for the replacement and retrofit of high-emitting diesel-fueled school buses. Since 2001, \$325 million of Lower Emissions School Bus funds were spent on the replacement of school buses, and the retrofit of newer diesel buses with PM traps. In total, nearly 1600 old buses were replaced by brand new, primarily CNG school buses, and nearly 3,400 newer diesel school buses were retrofitted with PM traps.
- Zero Emission Vehicle Incentive Program – Established in fiscal year 2001 to administer the State funds set aside for the implementation of the Zero Emission Vehicle (ZEV) Incentive Program.
- AES Settlement Projects Fund – Established in fiscal year 2001 for the purpose of accounting for the one-time penalty settlement with AES Corporation for air pollution violations.
- Rule 1309.1 Priority Reserve Fund – Established in fiscal year 2001 to account for mitigation fees paid for Particulate Matter ≤ 10 microns (PM₁₀) credits. Due to the state energy crisis in 2001, Rule 1309.1 was amended to allow new electric generating facilities temporary access to South Coast AQMD's Priority Reserve Account to offset their PM₁₀ emission increases provided that they meet specific criteria and pay appropriate mitigation fees.
- CARB ERC Bank Fund – Established in fiscal year 2001 to account for the proceeds from the issuance of the Emission Reduction Credits (ERCs) to natural gas turbine power plant peaker units. CARB established the ERC Bank for peaker power plants that need emission offsets to add new or expanded capacity. Proceeds from the issuance of these ERCs will fund emission reduction programs where the new or expanded facility is located.

SOUTH COAST AIR QUALITY MANAGEMENT DISTRICT
OTHER SUPPLEMENTARY INFORMATION
June 30, 2020

- LADWP Settlement Fund – Established in fiscal year 2001 for the purpose of accounting for the monies received from the Los Angeles Department of Water and Power as part of the settlement agreement.
- State-Emissions Mitigation Fund – Established during fiscal year 2002 to account for the funds received from California Air Resources Board (CARB) to fund CARB selected projects on emission reductions within the South Coast Air Basin. This is in response to the Governor’s statewide program to mitigate excess emissions from peaker power generation units to alleviate the power crisis in California.
- Natural Gas Vehicle Partnership Fund – Established during fiscal year 2002 for creation of the Natural Gas Vehicle Partnership to facilitate the advancement of natural gas vehicle technology and deployment. The contributions received from participating members are accounted for in this fund as well as the expenditures for activities and projects selected by the Partnership.
- State Backup Generators (BUG) Program Fund – Established in fiscal year 2003 to account for the funds received from CARB’s Diesel-Fueled Electrical Backup Generator Emissions Mitigation Program. This program funds emission related projects as part of an ongoing effort to expeditiously reduce public exposure to air toxics and other pollutants.
- Dry Cleaners Financial Incentives Grant Program – Established in fiscal year 2003 to provide financial incentives to dry cleaners to purchase non-toxic alternative dry cleaning equipment.
- Rule 1173 Mitigation Fee Fund – Established in fiscal year 2004 to account for Rule 1173 mitigation fee payments to be used in funding air quality projects which directly benefit the community surrounding the facility. Amendments in December 2002 to Rule 1173 for Refineries and Chemical Plants established a mitigation fee payment provision relating to the release of Volatile Organic Compound (VOC) from an atmospheric Pressure Relief Device (PRD).
- Communities for Better Environment (CBE)/Our Children’s Earth (OCE) Settlement Agreement Fund – Established in FY 2004 as part of the settlement agreement to fund PM_{10} (Particulate Matter \leq 10 microns) and/or NO_x (Oxides of Nitrogen) reduction projects in disproportionately impacted areas.
- BP ARCO Settlement Projects Fund – Established in fiscal year 2005 to account for the \$25 million civil penalties received in 2005 as part of the settlement with BP ARCO for air pollution violations.

SOUTH COAST AIR QUALITY MANAGEMENT DISTRICT
OTHER SUPPLEMENTARY INFORMATION
June 30, 2020

- Health Effects Research Fund – The Health Effects Research Fund was established in fiscal year 2008 to receive 20% of all penalty/settlement monies in excess of \$4 million recognized annually in South Coast AQMD’s General Fund beginning in fiscal year 2009, subject to annual Board approval.
- CEQA Green House Gas Mitigation Fund – This fund was established in fiscal year 2009 under Rule 2702 for Green House Gas (GHG) emission reductions. It received \$1.5 million from Chevron Products Company to offset Green House Gas emission as part of its Product Reliability and Optimization (PRO+) Project Mitigation Monitoring Plan.
- TraPac School Air Filtration Fund – This fund was established in fiscal year 2011 and received \$6,000,000 from City of Los Angeles towards installation and maintenance of air filtration systems for schools in the Wilmington area that were impacted by the expansion of the TraPac Container Terminal Project.
- Emission Reduction and Outreach Fund – This fund was established in fiscal year 2010 due to a \$1,000,000 Supplemental Environmental Project Settlement. These funds are used to enhance compliance of emission reduction policies by providing source education and consumer education.
- Rule 1118 Mitigation Fund – Established in fiscal year 2010 to account for mitigation fees from petroleum refineries that exceed sulfur dioxide emission thresholds from flares and future Rule 1118 mitigation fees and to track the projects funded through these fees.
- HEROS II Fund – Established in fiscal year 2011, this fund is used to track funds received and expenditures for South Coast AQMD’s vehicle scrap and replacement program. This voluntary program reduces emissions from high-emitting light and medium-duty vehicles in South Coast AQMD.
- EL Monte Park Project Settlement Fund – Established in fiscal year 2011 for the purpose of accounting for the monies received from Gregg Industries bankruptcy estate as part of a settlement agreement to finance the construction of park improvements in the City of El Monte.
- AB 1318 Mitigation Fees Fund – Created in fiscal year 2011 to account for revenue of \$53.3 million from a mitigation fee payment for the transfer of emission credits under AB 1318.

**SOUTH COAST AIR QUALITY MANAGEMENT DISTRICT
OTHER SUPPLEMENTARY INFORMATION
June 30, 2020**

- Voucher Incentive Program (VIP) Fund – Established in fiscal year 2012 due to transfer of funds from the Carl Moyer Multidistrict funds originally recorded in Carl Moyer Program Fund, to separately administer the On-Road Heavy-Duty Vehicle Voucher Incentive Program.
- Advanced Technology Goods Movement Fund – Established in fiscal year 2012 to administer funds received through an agreement with Port of Los Angeles and Port of Long Beach to fund projects consistent with the development and demonstration of zero emissions goods movement technologies, including the demonstration of Linear Synchronous Motor (LSM) technology to move cargo containers and the development of two discrete hybrid electric drive systems for heavy-duty vehicles.
- Rule 1470 Risk Reduction Fund – Established in fiscal year 2012 to help fund control equipment costs for public agencies, such as cities, counties, and schools, required to install control equipment on new emergency standby engines in order to comply with Rule 1470.
- Hydrogen Fueling Infrastructure Network Fund – Established in fiscal year 2014 to receive state and federal grant revenue earmarked for hydrogen infrastructure upgrades to support the expected role out of fuel cell cars in the next few years. In fiscal year 2014, the South Coast AQMD received an award for \$6.69 million from the California Energy Commission (CEC) to upgrade and refurbish existing hydrogen stations in the South Coast Air Basin. Three stations in Burbank, LAX and Torrance were funded for upgrade through this grant. Work on the Torrance station was completed in August 2017 and work on the LAX station was completed in December 2018. Construction on the Burbank station was completed in January 2019, with some remaining work for the station to transition to open retail status.
- Rule 1420.1 Special Revenue Fund – Established in fiscal year 2014 to account for monies received from Exide Technologies and Quemetco to finance the Multi-Metals continuous emission monitoring system (CEMS) and continuous Multi-Metals Ambient Air Monitoring Demonstration Programs.
- BP/South Coast AQMD Public Benefits Oversight Fund – Established to receive remaining unspent \$177,802 from the 2005 BP Settlement Agreement public benefits payments. Funds will continue to be expended through the approval of the BP/South Coast AQMD Public Benefits Oversight Committee.
- Rule 1304.1 Special Revenue Fund – Established in fiscal year 2016 to track the deposit of fees paid and the withdrawal of funds for approved projects, pursuant to Rule 1304.1 – Electrical Generating Facility Fee for Use of Offset Exemption.

SOUTH COAST AIR QUALITY MANAGEMENT DISTRICT
OTHER SUPPLEMENTARY INFORMATION
June 30, 2020

- ExxonMobil Settlement Projects Special Revenue Fund – Established in fiscal year 2016 for the purpose of accounting for the monies received pursuant to a settlement agreement with ExxonMobil for Supplemental Environmental Project (SEP).
- LADWP Variance Special Revenue Fund – Established in fiscal year 2017 to receive environmental fees from the Los Angeles Department of Water and Power as part of an South Coast AQMD Hearing Board variance. The variance allowed LADWP to burn diesel to 1) recommission and test the turbines, and 2) subsequently to operate them on diesel fuel, only if the natural gas supply to LADWP was curtailed by SoCal Gas.
- Air Filtration Special Revenue Fund – Established in fiscal year 2017, a Supplemental Environmental Project (SEP) agreement was executed between CARB and the Burlington Northern Santa Fe Railway Company (BANSF) to install air filtration systems at schools in an Environmental Justice community in the South Coast region.
- SoCal Gas Settlement Special Revenue Fund – Established in fiscal year 2017 to execute a contract with KORE Infrastructure Inc in an amount not to exceed \$1 million from the SoCal Gas Settlement Special Revenue Fund to cost-share the commercial field test project.
- Rule 1180 Special Revenue Fund – Established in fiscal year 2018 to account for the Rule 1180 initial and final payments for implementation of the community air monitoring stations near petroleum refineries.
- VW Mitigation Special Revenue Fund – Established in fiscal year 2019 to recognize revenue of up to \$150 million into the fund, to administer and implement two project funding categories identified in CARB’s Beneficiary Mitigation Plan for the VW Environmental Mitigation Trust. The funded projects are intended to mitigate the excess NOx emissions caused by the VW vehicles.
- Prop 1B Goods Movement Fund – Established in fiscal year 2008 to account for voter approved transportation bond dollars. A portion of these were allocated to CARB and passed through to South Coast AQMD to implement programs that reduce emissions from movement of freight or “goods” along California’s trade corridors. Over \$500 million in goods movement projects have been and are being implemented within the South Coast AQMD.
- Clean Shipping Technology Demonstration Special Revenue Fund – Established in FY 2020 for the purpose of implementing clean shipping projects.

OTHER SUPPLEMENTARY INFORMATION
June 30, 2020**

Capital Projects Fund

- Infrastructure Improvement Fund – Established in fiscal year 2013 to separately account for large-scale and/or multi-year infrastructure improvement projects.

Debt Service Fund – Established in 2009 to replace the terminated Guaranteed Investment Contract with the Municipal Bond Insurance Association (MBIA, Inc.) due to changes in financial markets. This is used for the defeasance of a portion of South Coast AQMD’s debt service on Pension Obligation Bonds.

Component Unit – South Coast AQMD Building Corporation – Established in fiscal year 1978 for the acquisition and improvement of South Coast AQMD headquarters. The South Coast AQMD Building Corporation is a legally separate entity, but for financial statement purposes, it is shown as a blended component unit in the governmental funds.

STATISTICAL SECTION

This part of South Coast AQMD's comprehensive annual financial report represents detailed information as a context for understanding what the information in the financial statements, note disclosure, and required supplementary information says about South Coast AQMD's overall financial health.

Contents

Financial Trends

Four schedules contain information to help the reader understand how the government's financial performance and well-being have changed over time.

Revenue Capacity

These schedules contain information to help the reader understand the concentration of South Coast AQMD's largest emission-based fee payers.

Debt Capacity

This schedule presents information to help the reader assess the affordability of South Coast AQMD's current levels of outstanding debt. Please see footnote under Schedule 7.

Demographic and Economic Information

These schedules offer demographic and economic indicators to help the reader understand the environment within which South Coast AQMD's financial activities take place.

Operating Information

These schedules contain data to help the reader understand how the information in South Coast AQMD's financial report relates to the services South Coast AQMD provides and the activities it performs.

Source: Unless otherwise noted, the information in these schedules was derived from South Coast AQMD's comprehensive annual financial reports for the relevant year.

2020	-	15,637	15,637	8.63%	26	1

The South Coast Air Quality Management District is a regional government and is not authorized to issue long-term debt (General Obligation Bonds). The Pension Obligation Bonds are refunding bonds of outstanding debt owed the San Bernardino County Employees' Retirement Association. The South Coast Air Quality Management District has no long-term debt limits.

(*) These percentages are calculated using Total Revenues, Schedule 8.

Notes Associated with Financial Charts

Schedule 5 - Expenditures by Major Object (General Fund Budgetary Basis)

- The increase in both Salaries and Benefits and Capital Outlays from FY 2018-19 is due to the third year of a three-year labor agreement, and the continued implementation of revenue-offset programs such as AB617, Rule 1180, and VW Mitigation Settlement.
- The increase is due to adding 47 positions for the Community Air Protection Program (CAPP) and the costs associated with the three year labor agreement that went into effect in the third quarter of FY 2017-18. There is also an increase in Retirement Expenditure based on the contribution rates provided from the San Bernardino County Retirement Association (SBCERA).
- The increase in 2018 expenditures from 2017 is mainly due to the adding positions for the AB 617 and AB 134 programs and the costs associated with the three year labor agreement and with State Disability Insurance, employer share of unemployment insurance, Social Security and Medicare.
- The increase in 2017 expenditures from 2016 is mainly due to the hiring of some grant funded positions and the contribution rates provided from the San Bernardino County Retirement Association (SBCERA).
- The increase in 2016 expenditures from 2015 includes the costs associated with the three year labor agreement. The rents and leases for equipment also increased. In addition, the professional and special services increased due to new or additional projects for outside building consultants, community outreach, and planning and rule development activities.
- In 2015 the increase in Capital Outlays of approximately \$1.3M is mainly due to large purchases of vehicles and replacements of operational systems.
- The decrease in 2014 expenditures from 2013 is mainly due to a significant reduction in debt. As of June 2013, the 2002 Series Installment Sale Bonds were legally defeased.
- The increase in 2013 expenditures from 2012 is mainly due to the rising retirement and medical insurance costs.
- The decrease in 2012 expenditures is due to a significant reduction in Services and Supplies.
- The increase in 2011 expenditures from 2010 is mainly due to the increase in expenditures for Contract and Special Services.

Schedule 6 - Expenditures by Major Object (General Fund GAAP Basis)

- The increase in both Salaries and Benefits and Capital Outlays from FY 2018-19 is due to the third year of a three-year labor agreement, and the continued implementation of revenue-offset programs such as AB617, Rule 1180, and VW Mitigation Settlement.
- The increase is due to adding 47 positions for the CAPP and the costs associated with the three year labor agreement that went into effect in the third quarter of FY 2017-18. There is also an increase in Retirement expenditure based on the contribution rates provided from the San Bernardino County Retirement Association (SBCERA).
- The increase in 2018 expenditures from 2017 is mainly due to the adding positions for the AB 617 and AB 134 programs and the costs associated with the three year labor agreement and with State Disability Insurance, employer share of unemployment insurance, Social Security and Medicare. Also, the increase in Capital Outlays reflects anticipated needs.
- The increase in 2017 expenditures from 2016 is mainly due to the hiring of some grant funded positions and the contribution rates provided from the San Bernardino County Retirement Association (SBCERA).

- The increase in 2016 expenditures from 2015 includes the costs associated with the three year labor agreement. The rents and leases for equipment also increased. In addition, the professional and special services increased due to new or additional projects for outside building consultants, community outreach, and planning and rule development activities.
- The small increase in 2015 expenditures from 2014 is mainly due to the rise in the contribution cost for retirement and purchases of vehicles.
- The decrease in 2014 expenditures from 2013 is mainly due to a significant reduction in debt. As of June 2013, the 2002 Series Installment Sale Bonds were legally defeased.
- The increase in 2013 expenditures from 2012 is mainly due to the rising retirement and medical insurance costs. In addition, Capital Outlays expenditures increased due to the large purchase of CNG vehicles and the replacement of some boilers and associated equipment.
- The decrease in 2012 expenditures is due to a significant reduction in Services and Supplies.
- The increase in 2011 expenditures from 2010 is mainly due to the increase in Contract and Special Services.

Schedule 8 - Revenues by Major Source (General Fund)

- The increase in 2020 revenue reflects annual renewal fee increases under Stationary Sources and state grant increases under Grants & Subventions. South Coast AQMD received new funding from the operation portion of CAPP.
- The increase in 2019 revenue is mainly due to the increase in State Grants related to the new funding for the implementation portion of CAPP.
- The increase in 2018 revenue reflects emission fees increase under the stationary sources and large penalties/settlements from facilities that were found not to be in compliance with South Coast AQMD rules and regulations under the General Revenue category.
- The large increase in 2017 revenue reflects large penalties/settlements from facilities that were found not to be in compliance with South Coast AQMD rules and regulations, which increased the General Revenue category.
- The decrease in 2016 revenue from 2015 is mainly due to the decrease in Penalties & Settlements in the General Revenues category.
- The large decrease in 2015 revenues is mainly due to the decrease in Penalties & Settlements for violations of permit conditions, South Coast AQMD Rules, or state law.
- Revenues increased significantly in 2014 because the South Coast AQMD received several large penalties/settlements from facilities that were found to be not in compliance with South Coast AQMD rules and regulations.
- Revenues increased significantly in 2013 because the South Coast AQMD received several large penalties/settlements from facilities that were found to be not in compliance with South Coast AQMD rules and regulations.
- The decrease in 2012 revenue is due to the decrease in Penalties & Settlements in General Revenues, and the reduction in Grants & Subventions.
- In 2011 the decrease in the Stationary Sources and Mobile Sources revenues are mainly due to the decrease in all the fee source revenues.

Schedule 9 - Revenues by Fee Source (General Fund)

- The increase in 2020 revenue is mainly due to the 3.5% CPI increase. Also included was 10.66% increase for Title V permits.

- The increase in 2019 revenue is mainly due to the 3.4% CPI increase. Also included was 4% increase on non-Title V annual operating permit renewal fees and 10.66% increase for Title V permits.
- The increase in 2018 revenue from 2017 is mainly due to the increase of emission fees. Other revenues increased because the South Coast AQMD received large penalties/settlements from facilities that were found not to be in compliance with South Coast AQMD rules and regulations, which increased the General Revenue category.
- Other revenues increased significantly in 2017 because the South Coast AQMD received large penalties/settlements from facilities that were found not to be in compliance with South Coast AQMD rules and regulations, which increased the General Revenue category.
- The decrease in 2016 revenue from 2015 is mainly due to the decrease in Penalties & Settlements in the Other Revenues category.
- The large decrease in 2015 revenues is mainly due to the decrease in Penalties & Settlements for violations of permit conditions, South Coast AQMD Rules, or state law.
- Revenues increased significantly in 2014 because the South Coast AQMD received several large penalties/settlements from facilities that were found to be not in compliance with South Coast AQMD rules and regulations.
- Other revenues increased significantly in 2013 because the South Coast AQMD received several large penalties/settlements from facilities that were found to be not in compliance with South Coast AQMD rules and regulations.
- The decrease in 2012 revenue is due to the decrease in Penalties & Settlements in General Revenues, and the reduction in Grants & Subventions.
- The decrease in 2011 revenue from 2010 is mainly due to the decreases in Mobile Source revenue and Penalties and Settlements revenue.

Schedule 10 – Emission Fee Revenues

- The increase in 2020 emission fee revenue is mainly due to the 3.5% CPI increase.
- 2019 emission fees revenue was lower than 2018 because of an emissions audit conducted and additional emission fees were collected in 2018.
- There was an increase in emission fees revenue in 2018 related to fee increase.
- There was a small decrease in emission fees revenue in 2017 due to gradually decreasing emissions.
- There was a small decrease in emission fees revenue in 2016 due to gradually decreasing emissions.
- There was a small decrease in emission fees revenue in 2015. Emission fees vary with the non-RECLAIM and RECLAIM emissions, and the flat emission fees of active facilities.
- The small increase in 2013 is due to a fee increase that was effective July 1, 2012.

KEY AIR QUALITY AND DEMOGRAPHIC INFORMATION REGARDING THE REGION INCLUDED IN THE SOUTH COAST AIR QUALITY MANAGEMENT DISTRICT

The South Coast Air Quality Management District includes all of Orange County and parts of Los Angeles, Riverside and San Bernardino Counties. The section below provides a brief description of each county.

Measuring 4,084 square miles, *Los Angeles County* is one of the nation's largest counties. It is the most populated county in the state of California and contains the most populated city in the state, the City of Los Angeles. Before World War II, Los Angeles County was one of the nation's foremost agricultural producers. As agricultural production declined, the economy has evolved into diverse areas that include trade, transportation, and utilities, government, educational and health services, professional and business services, and manufacturing. Tourism and entertainment as well as international trade also play a vital role in the county's economy. The county is home to the twin seaports of Los Angeles and Long Beach, together the nation's largest, as well as the single largest fixed source of air pollution in the region. The two ports are responsible for more smog-forming nitrogen oxide emissions than 7 million cars.

Orange County is the third most populated county in the state and lies south of Los Angeles County. When created in 1889, Orange County was named for its abundance of orange groves and thriving agricultural industry. Today, the largest industry employers are trade, transportation, and utilities, professional and business services, and manufacturing.

The varied topography of *Riverside County* is characterized by fertile river valleys to rolling plains and foothills to deserts below sea level and mountain peaks above 10,000 feet. Recent years have brought dramatic population growth to Riverside County. The population is expected to increase by 1.3 percent in 2016. Annual growth in the 2016 - 2021 period is expected to average 1.5 percent. The county's early years were linked to the agriculture industry, but commerce, construction, manufacturing, transportation, and tourism have contributed to the county's substantial growth. The County is also a major distribution center for Southern California and the Pacific Rim.

Roughly 90 percent of *San Bernardino County* is desert and the remaining portion consists of the San Bernardino Valley and San Bernardino Mountains. San Bernardino County and Riverside County are collectively known as the Inland Empire. San Bernardino ranks as the fifth-highest populated county in California from 2016 to 2021, population growth is expected to average 1.0 percent per year. The economy is led by services, government, retail trade, and manufacturing industries. Additionally, the county consistently ranks in the top fifteen agricultural-producing counties in the state.

All four counties within the South Coast Air Quality Management District's jurisdiction have experienced significant population growth in the last few years. The following charts illustrate air pollution, demographic, employment, and motor vehicle information relating to the South Coast Air Quality Management District region.

SOUTH COAST AIR QUALITY MANAGEMENT DISTRICT
Schedule 12
South Coast Air Basin Smog Trend
Last Ten Calendar Years

Year	Days over 1-Hour Federal Ozone Standard	Days over 8-Hour 2015 (New) Federal Ozone Standard	District Population
2010	7	124	16,906,456
2011	16	125	16,274,797
2012	12	140	16,444,162
2013	5	119	16,538,490
2014	10	129	16,652,810
2015	10	113	16,866,350
2016	17	132	16,962,478
2017	26	145	17,063,249
2018	11	141	17,127,040
2019	10	132	17,150,993

Notes:

- The average number of days exceeding the federal ozone standard in the Basin decreased by 54% between the three-year period of 1976-78 and 2011-13.
- Favorable weather conditions and continued implementation of the air pollution control strategy contributed to the significant decrease in Days over the 1-Hour Ozone Standard in the recent decades.
- In 1997, the federal government implemented the 8-hour ozone National Ambient Air Quality Standard. The standard was revised in 2015 from 75 ppb to 70 ppb.

Demographic and Miscellaneous Statistics

<u>Established:</u>	February 1, 1977
<u>Area Covered:</u>	10,743 Square Miles
<u>Counties Included in District:</u>	All of Orange County and parts of Los Angeles, Riverside, and San Bernardino Counties
<u>Population:</u>	17,150,993 (In 2019)
<u>Average Unemployment Rate:</u>	Los Angeles County (4.4%), Orange (2.8%), Riverside (4.2%), and San Bernardino (3.8%) counties (In 2019)
<u>Transportation:</u>	Two transcontinental railroads – Burlington Northern Santa Fe and the Union Pacific Six Commercial Airports – Los Angeles International, Burbank, Long Beach, Ontario International, Orange County, and Palm Springs Freeways – Three major interstate freeways including four bypass routes, U.S. 101, and nine State freeway routes Two major adjoining ports – Port of Long Beach and Port of Los Angeles
<u>Visitor Destinations:</u>	Disneyland, Knott’s Berry Farm, Magic Mountain, Motion Picture and Television Studios and the Rose Bowl
<u>Number of Registered Vehicles Within South Coast AQMD Jurisdiction:</u>	14,078,942 (In 2019)
<u>Average Daily Miles Traveled Per Vehicle:</u>	28 (CY 2019 data)
<u>Examples of Stationary Sources of Air Pollution Regulated:</u>	Oil Refineries, power plants, paint spray booths, incinerators, manufacturing facilities, dry cleaners, and service stations.
<u>Number of Sources:</u>	25,984 operating locations with 67,971 permits.
<u>Number of Air Monitoring Stations:</u>	43
<u>Full-time Authorized Positions:</u>	946
<u>Adopted FY 2020-21 Budget:</u>	\$172,988,981
<u>Key Federal, State, and Local Air Agencies:</u>	EPA Region IX (Environmental Protection Agency), CARB (California Air Resources Board), CAPCOA (California Air Pollution Control Officer’s Association), NACAA (National Association of Clean Air Agencies), ALAPCO (Association of Local Air Pollution Control Officials). There are 35 local air pollution control districts in California.

Air Quality Historical Timeline

Photo courtesy of Los Angeles Times Collection, Department of Special Collections, UCLA Library

First recognized episodes of smog occur in Los Angeles in summer 1943

1943

1950

Orange County APCD established

1966

California adopts first automobile tailpipe emission standards in the nation

1970

Federal Clean Air Act enacted, establishing the basic U.S. program for controlling air pollution

1975

Catalytic converters required for most gasoline-powered vehicles

1978

Vapor recovery "boots" required on gas station nozzles

1947

Los Angeles County Air Pollution Control District (APCD) established—the first of its kind in the nation

1957

San Bernardino and Riverside County APCDs formed

1968

California Air Resources Board (CARB) holds its first meeting with Dr. Arie J. Haagen-Smit as its first chairman

1971

U.S. EPA adopts first national air quality standards

1977

California legislature merges air pollution control districts of LA, Orange, Riverside and San Bernardino counties forming the South Coast Air Quality Management District

1986

South Coast AQMD launches first Multiple Air Toxics Exposure Study (MATES) to understand air toxics health impacts. Additional MATES studies conducted in 1999, 2006, 2013 and 2018

MATES

1989

South Coast AQMD adopts first Air Quality Management Plan to show attainment of clean air standards

1998

Carl Moyer Program established to reduce mobile source emissions

2011

Federal agencies and the State of California establish single time frame for corporate average fuel economy (CAFE) and greenhouse gas standards for the next generation of cars and light-duty trucks

2017

AB 617 enacted to develop community plans and implement new technologies addressing the disproportionate impacts of air pollution sources in Environmental Justice communities

Created a program to assess and reduce health risks from air toxic emissions under the Air Toxics "Hot Spots" Information and Assessment Act (AB 2588)

1987

Federal Clean Air Act Amendments of 1990 enacted establishing new programs to reduce ozone, toxic emissions and vehicle emissions

1990

2006

California Global Warming Solutions Act of 2006 (AB 32) enacted to reduce greenhouse gases

2013

Attained the 1997 24 hour and annual National Ambient Air Quality Standards for fine particulate matter two years ahead of schedule

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

To the Governing Board of
South Coast Air Quality Management District
Diamond Bar, California

We have audited in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, the blended component unit, each major fund, and the aggregate remaining fund information of the South Coast Air Quality Management District (South Coast AQMD) as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise South Coast AQMD's basic financials statements, and have issued our report thereon dated October 16, 2020.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered South Coast AQMD's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of South Coast AQMD's internal control. Accordingly, we do not express an opinion on the effectiveness of South Coast AQMD's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit, we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether South Coast AQMD's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering South Coast AQMD's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR
FEDERAL PROGRAM; REPORT ON INTERNAL CONTROL OVER COMPLIANCE;
AND REPORT ON SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
REQUIRED BY THE UNIFORM GUIDANCE**

To the Governing Board of
South Coast Air Quality Management District
Diamond Bar, California

Report on Compliance for Each Major Federal Program

We have audited the South Coast Air Quality Management District's (South Coast AQMD) compliance with the types of compliance requirements described in the U.S. *Office of Management and Budget (OMB) Compliance Supplement* that could have a direct and material effect on each of South Coast AQMD's major federal programs for the year ended June 30, 2020. South Coast AQMD's major federal programs are identified in the summary of auditor's results section of the accompanying Schedule of Findings and Questioned Costs.

Management's Responsibility

Management is responsible for compliance with the federal statutes, regulations, and the terms and conditions of its federal award applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of South Coast AQMD's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about South Coast AQMD's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination on South Coast AQMD's compliance.

Opinion on Each Major Federal Program

In our opinion, South Coast AQMD's complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2020.

Report on Internal Control over Compliance

Management of South Coast AQMD is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered South Coast AQMD's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program as a basis for designing auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of South Coast AQMD's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

We have audited the financial statements of the governmental activities, the blended component unit, each major fund, the aggregate remaining fund information of South Coast AQMD as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise South Coast AQMD's basic financial statements. We issued our report thereon dated October 16, 2020, which contained unmodified opinions on those financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the

underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Expenditure of Federal Awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

**SOUTH COAST AIR QUALITY MANAGEMENT DISTRICT
NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
For the Year Ended June 30, 2020**

NOTE 1 – BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal awards (the Schedule) includes the federal award activity of the South Coast Air Quality Management District (South Coast AQMD) under programs of the federal government for the year ended June 30, 2020. The information in this Schedule is presented in accordance with the audit requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of South Coast AQMD, it is not intended to and does not present the financial position, changes in net position or cash flows of the South Coast AQMD.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported in the Schedule are reported on the modified accrual basis of accounting. Such expenditures are recognized following, as applicable, either the cost principles in *OMB Circular A-87, Cost Principles for State, Local, and Indian Tribal Governments*, or the cost principles contained in the *Uniform Guidance*, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

NOTE 3– INDIRECT COST RATE

The South Coast AQMD has elected not to use the 10% de minimis indirect cost rate allowed under the Uniform Guidance.

NOTE 4 - SUBRECIPIENTS

The South Coast AQMD has federal awards with subrecipients for the year ended June 30, 2020. The subrecipient expenditures from these federal awards were as follows:

<u>Subrecipients</u>	<u>CFDA No.</u>	<u>Amount</u>
Daimler Trucks North America, LLC	66.001	\$ 500,000
Rail Propulsion Systems	66.001	22,834
Puget Sound (Northwest Seaport Alliance)	66.039	20,000
Phoenix Motorcars	66.202	1,187,240
University of California Los Angeles	66.509	8,866
Special Services for Groups	66.509	4,949
Transportation Power	81.086	33,718
U.S. Hybrid	81.086	59,589
National Renewable Energy Laboratory	81.086	5,000
Center for Transportation and the Environment	81.086	289,706
Gas Technology Institute	81.086	71,600
Total		<u>\$2,203,502</u>

**SOUTH COAST AIR QUALITY MANAGEMENT DISTRICT
NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
For the Year Ended June 30, 2020**

NOTE 5– RELATIONSHIP TO COMPREHENIVE ANNUAL FINANCIAL REPORT

Amounts reported in the accompanying Schedule agree to amounts reported within the South Coast AQMD's Comprehensive Annual Financial Report.

NOTE 6– CONTINGENCIES

Under the terms of federal and state grants, additional audits may be requested by the grantor agencies and certain costs may be questioned as not being appropriate expenditures under the terms of the grants. Such audits could lead to a request for reimbursement to the grantor agencies.
