Hi,
I made some edits to the Proposed Findings and Decision document. I reordered the paragraphs to indicate that the Board would have bifurcated the hearing and voted on the Good Cause Findings before proceeding to the merits of the Interim Variance. In addition, I clarified that pursuant to Rule 303(p), all fees (filing and excess emissions) are waived, and the reference to Rule 118.1 was removed as the run-time hours of the engine exceeded 200 hours. If these changes are acceptable, I have no objections to this case being heard on the consent calendar.

I converted the PDF file to Word, made the changes, and saved it back as a PDF; hence, the two versions are attached. Thanks.
