

- 1 3. Condition 5 is a standard condition, requiring follow-up status hearings, that the South  
2 Coast AQMD seeks for abatement orders that are expected to take longer than a few months  
3 to return to full compliance. Typically in such conditions, South Coast AQMD includes  
4 language that specifically allows moving the hearing date by the Clerk's Office if  
5 necessary. Such language was inadvertently omitted from Condition 5. The Parties  
6 proposed modifications here include such language in case the need arises for the Clerk of  
7 the Board to move a future hearing in this matter.
- 8 4. South Coast AQMD also proposes a ministerial update to the personnel receiving notice of  
9 Respondent's actions and reporting under this Order. The update reflects the South Coast  
10 AQMD's internal reorganization of fleet rule implementation to a different Planning and  
11 Rules Manager team within the agency's Planning, Rule Development and Implementation  
12 division. This reorganization does not otherwise change South Coast AQMD's  
13 implementation or compliance oversight of the South Coast AQMD's fleet rules, including  
14 Rule 1196.

15 I declare under penalty of perjury under the laws of the State of California that the  
16 foregoing is true and correct.

17 Executed on this 6th day of August, 2024, at Diamond Bar, California.
