AAD Distribution and Dry Cleaning Services, Inc. – Proposed Consent Decree

The South Coast Air Quality Management District (SCAQMD) appreciates the opportunity to comment on the above-mentioned document and would like to be included in future public participation activities associated with the cleanup effort. If remediation or any on-site activities involve equipment or operations which either emit or control air pollution, SCAQMD staff should be consulted in advance of the project start to determine whether or not any permits or plans are required to be filed and approved by SCAQMD prior to start of the operation.

The SCAQMD staff is available to work with the Lead Agency to address these concerns and any other air quality questions that may arise. Please contact Jillian Baker at (909) 396-3176, if you have any questions regarding these comments.

Sincerely,

Jillian Baker
