

**ERRATA FOR AGENDA ITEM #35
Board Meeting of March 3, 2017**

Resolution for the 2016 AQMP

Two corrections to the Resolution (Attachment A) for the 2016 AQMP are shown below in strikethrough and underline text and have been made for clarity.

Attachment A, Page 6

WHEREAS, the SCAQMD Governing Board finds and determines, taking into consideration the factors in §30.5 (4)(D)(i) of the Governing Board Procedures, that the modifications which have been made to the 2016 AQMP subsequent to the publication of the notice of public hearing are a logical outgrowth of the proposed 2016 AQMP ~~do not significantly change the meaning of the proposed project within the meaning of the Health and Safety Code §40726~~ and would not constitute significant new information requiring recirculation of the Draft PEIR pursuant to CEQA Guidelines §15088.5; and

Attachment 2 – Findings, Statement of Overriding Considerations, and Mitigation Monitoring and Reporting Plan, Page 17 (Section 3.2)

Nine mitigation measures are identified in the Mitigation Monitoring and Reporting Plan section of this document (e.g., HZ-7 through HZ-15) to address the hazards impacts for these affected facilities and sites. The analysis in the Draft Program EIR concluded that if the operators of the affected facilities and sites comply with mitigation measures HZ-7 through HZ-15, then the hazards impacts associated with implementing the 2016 AQMP at the affected facilities and sites would be reduced to less than significant levels. Therefore, mitigation measures HZ-7 through HZ-15 are incorporated into the project to mitigate these effects.
