

NOTICE OF PUBLIC HEARING

PROPOSED SOUTH COAST AIR BASIN ATTAINMENT PLAN FOR THE 2012 ANNUAL PM_{2.5} STANDARD AND PROPOSED SUBMISSION INTO THE STATE IMPLEMENTATION PLAN

NOTICE IS HEREBY GIVEN that a public hearing on the matter of adoption of the South Coast Air Basin Attainment Plan for the 2012 Annual PM_{2.5} Standard (PM_{2.5} Plan) for the South Coast Air Quality Management District (South Coast AQMD) will be held on Friday, June 7, 2024 (subject to change) in the Dr. William A. Burke Auditorium at South Coast AQMD Headquarters, 21865 Copley Drive, Diamond Bar, CA 91765, at 9:00 a.m., at which time evidence will be taken and all interested persons will be heard by the South Coast AQMD Governing Board. The meeting will be conducted through a hybrid format of in-person and/or virtual attendance via videoconferencing and by telephone with opportunities for public comment. Please refer to the instructions on South Coast AQMD's website for details on how to participate: <http://www.aqmd.gov/home/news-events/meeting-agendas-minutes>.

NOTICE IS FURTHER GIVEN that the South Coast Air Basin is a "serious" nonattainment area for the 2012 annual PM_{2.5} standard with an attainment date of December 31, 2025. PM_{2.5} is particulate matter with a diameter of 2.5 micrometers and smaller.

NOTICE IS FURTHER GIVEN that a plan to attain the 2012 annual PM_{2.5} standard by 2025 was submitted to the United States Environmental Protection Agency (U.S. EPA) in 2017. However, that plan was withdrawn in 2023, triggering the need to develop a revised plan. The PM_{2.5} Plan seeks a five-year extension of the attainment date to 2030 to address the unforeseen challenges. It is designed to meet all federal Clean Air Act requirements for "serious" nonattainment areas that seek a five-year extension of the attainment date. The South Coast Air Basin is expected to attain the 2012 annual PM_{2.5} standard in 2030. Attainment is anticipated from the implementation of the 2022 AQMP strategy and limited additional controls to reduce PM_{2.5} and its precursor emissions as identified in this PM_{2.5} Plan.

NOTICE IS FURTHER GIVEN that the PM_{2.5} Plan will be submitted to the California Air Resources Board for approval and subsequent submittal to the U.S. EPA for inclusion in the State Implementation Plan.

NOTICE IS FURTHER GIVEN that, pursuant to the California Environmental Quality Act (CEQA), the PM_{2.5} Plan is a later activity within the scope of the program approved earlier in the 2022 Air Quality Management Plan (AQMP) and the 2016 AQMP per CEQA Guidelines Section 15168(c)(2), and the Final Program Environmental Impact Report (EIR) for the 2022 AQMP and the Final Program EIR for the 2016 AQMP adequately describe the activities associated with implementing the PM_{2.5} Plan such that no new environmental document will be required.

NOTICE IS FURTHER GIVEN that the Draft PM_{2.5} Plan was released for public review and comment on March 22, 2024. Public comments will be accepted until May 7, 2024. Written comments can be submitted via email at: AQMPteam@aqmd.gov.

NOTICE IS FURTHER GIVEN that the Draft Socioeconomic Impact Assessment for the PM_{2.5} Plan is being prepared and will be released at least 30 days prior to the public hearing.

NOTICE IS FURTHER GIVEN that four regional public hearings will be held on April 23, 24, 25, and May 1, 2024 to discuss the Draft PM2.5 Plan. Notice was given of these hearings pursuant to the requirements under the Health and Safety Code Section 40466.
