

Proposed Rules 1111 and 1121

Dear South Coast AQMD:

I am writing to support the proposed amendments to Rules 111 and 1121. I applaud AQMD's work to reduce NOX emissions, thereby reducing new asthma cases, hospital visits and premature deaths. Our air quality has vastly improved because of your historic efforts, but we still have some of the worst air quality in the nation.

In the long run, these rules will save money and reduce emissions that impact our environment and our health.

I appreciate all your efforts in providing better living conditions in our region.

Sincerely,
