These three articles strengthen my conviction that we must ban hydrogen fluoride at the Valero and PBF refineries in our area:

[This Chemical Kills Why Aren't Regulators Banning it?](#) ("New York Times")

[Refinery Explosions Raise New Warnings About Deadly Chemical](#) (NPR)

[Refineries Across America Could Create Catastrophic Acid Clouds. It Almost Happened In Philly.](#)
(Huffington Post)

We in the community are counting on you to do your job and protect us.
